Got Home Relief, Had Steady Job, City Takes Steps

Mayor Heiselman Calls Aldermen's Attention to Man Who Got \$140 in Food Slips From Home Relief, While Holding Down a Steady Job in Factory.

Acting Mayor Conrad J. Heiselman is a communication to the common council Tuesday evening called attention to a man who while working in a local factory averaging \$14.42 a week in wages applied for relief at the city home relief office and had received \$140.30 in food slips since June 3, of last year. The mayor also forwarded to the council a communication from Corporation Counsel Chris J. Flanagan in regard to the case in which Mr. Flanagan stated he had received a signed confession of judgment in favor of the city from the man.

The two communications, which were read and filed, read as follows:

Office of the Mayor, City of Kingston, New York, August 1, 1933.

The Honorable Common Council of the City of Kingston, N. Y.

Gentlemen: Large sums of money have been contributed to the city treasury by property owners in the form of taxes to provide food and other necessities of life to our less fortunate neighbors and fellow citizens. A large number of property owners themselves have been in difficult straits and have been able to pay their taxes only by self denial and sacrifice.

Generosity is one of the virtues of the American people. Their willingness to share during the trying times through which we are passing has made it possible for all to survive. However, it is shameful and regrettable that there are some not in need who are willing to take advantage of the provisions made for the unfortunate and destitute by fraudulently obtaining charity from the city at the expense of others. Recent investigation develops that a certain citizen has received \$140.30 in food slips from the Home Relief office since June 3, 1932, in addition to work on the relief, and that during that same period he was employed by a local factory where his wages have averaged \$14.42 a week. This man made a fraudulent affidavit claiming he was without work.

The attached letter from the corporation counsel indicates the action taken in this case and pledges the prosecution of persons who obtain aid from the relief agencies of the city by willful deceit and fraud.

Yours truly,
C. J. HEISELMAN,
Acting Mayor.

Mr. Flanagan's Letter

July 26, 1933
Hon. Conrad J. Heiselman,
Acting Mayor,
Kingston, N. Y.

Dear Sir: The party who wrongfully obtained approximately \$140.00 in Home Relief has finally signed a confession of judgment in favor of the City. I am about to issue an execution to the Sheriff in an attempt to collect the judgment from the property of said party.

Other cases in which persons have wrongfully procured relief have come to the attention of the authorities and will be attended to when the investigations are completed. I have been informed that there are instances where persons owning property and having savings accounts have also applied for and accepted Home Relief. These cases will particularly be investigated to the end that said parties may be prosecuted criminally if the investigation discloses that they willfully deceived the authorities by applying for aid when there was no necessity therefor.

I shall be glad to co-operate with you or our local boards by prosecuting any persons who procured aid through false statements made in the application for aid.

Yours very truly,
(Signed) CHRIS J. FLANAGAN,
Corporation Counsel.

AMERICAN WRITER IS BARRED FROM MANCHUKUO

Tokyo, Aug. 2 (AP)—Rengo (Japanese) News Agency reported from Dairen, Manchuria, today that the American writer, Josef Washington Hall, whose pen name is Upton Close, was barred from Manchukuo and Japan's Southern Manchuria Railway zone as an undesirable alien.

The American arrived at Dairen from Tientsin in charge of a tourist party when he was told a ruling of the Manchukuo government and the Japanese embassy at Changchun forbade him from entering the territory because of anti-Manchukuo writings.

He left Dairen by airplane for Shingai on the Korean frontier, expecting to meet the party there. Members of the group were admitted to Manchukuo.

Treasury Receipts
Washington, Aug. 2 (AP)—The position of the treasury July 31 was: Receipts for July 31, \$9,130,147.77; expenditures \$9,112,844.59; balance \$17,303.18. Customs duty for the month \$28,481,244.78. Total receipts for the fiscal year (since July 1), \$1,623,213,570.82; expenditures \$1,620,970,710.95 (including \$75,353.12 in emergency expenditures); excess of expenditures \$1,877,557,140.12.

State Will Pay Half Relief Expenditures For Month of August

The State Temporary Emergency Relief Administration has informed Matthew H. Herzog, chairman of the City of Kingston Emergency Work Bureau, that the state will pay 50 per cent of local expenditures for work relief for the month of August. This is in addition to any special work relief projects which the Temporary Emergency Relief Administration may be financing in the district through State Departments.

Cannot Assess Lunch Wagon as Real Property

Interesting Point Raised by Lunch Wagon Proprietors Who Objected to Having City Tax Their Lunch Wagon—Communication Referred to City Assessor—License Movie Operators.

An interesting point in taxes was brought to the attention of the common council Tuesday evening by former Mayor Palmer Canfield, who filed with the aldermen a communication from N. Koror and P. Pappas, owners of the lunch wagon located on the property at 476-478 Broadway for the past several years. The communication, which was read and referred to the city assessor and corporation counsel, stated that in 1931 and 1932 the lunch wagon was assessed as real property and that they protested against the action on the ground that the lunch wagon was not real estate under the state tax law as it was movable and the ground upon which it stood was leased ground. This year the owners of the lunch wagon again objected to any assessment being made against the lunch wagon as real property, and understood that the city assessor had taken the matter up with the state tax commission and was informed it could not be legally taxed. The lunch wagon was sold for unpaid taxes in 1931, and the owners of the lunch wagon desired the council to cancel not only that tax sale but also the taxes levied against the lunch wagon since 1931.

Movie Operators' Licenses
Alderman Epstein introduced an ordinance to license movie picture operators in the city. The alderman said he knew nothing about the ordinance but had introduced it as a courtesy to one of the local attorneys, who had been retained by the movie operators. The ordinance provided for a fee of \$10 for a license. The ordinance was referred to the laws and rules committee and corporation counsel.

3 Kingstonians Hurt In Automobile Crash Near Allentown, Pa.

Mr. and Mrs. Quey Cooper and Daughter Taken to Hospital Following Triple Automobile Collision—One Car Caught Fire.

Allentown, Pa., Aug. 2 (AP)—Mr. and Mrs. Quey Cooper and daughter, Isabelle, of Albany avenue, Kingston, N. Y., were injured in a triple automobile collision on Route 22, fifteen miles west of this city last night.

A hitch-hiker, who gave his name as Emeret McKane, of Hunts Point, N. Y., also was hurt. He was in Cooper's car. All were admitted to a hospital.

Serena A. Henry, of Grosse Point, Mich., was operating the sedan which state highway patrolman said collided head-on with the Cooper car.

Miss Henry said her car was crowded off the road and then slid, swiped a coupe driven by Mary Virginia Harist, of Exton, Ill.

The automobile driven by Miss Henry caught fire after the collision and was badly damaged.

MARRIED THREE SO HE COULD GET EATS

Chicago, Aug. 2 (AP)—As the police tell the story George Graves almost solved the problem of joblessness.

Asked at the detective bureau why he allegedly married three women without getting any divorces, he was quoted as saying:

"I was out of a job and after I left the first one it occurred to me that I had better marry the others so I would be sure of a place to eat and sleep."

Wife No. 1 caused his arrest.

Considers Demands.

Albany, N. Y., Aug. 2 (AP)—Governor Herbert H. Lehman today was considering the recommendations of more than 1,600 home owners of the Greater New York area who yesterday tramped up Capitol Hill to demand that he declare a moratorium on mortgage foreclosures against farms and small homes.

Cox Sails For Home

London, Aug. 2 (AP)—James M. Cox sailed unexpectedly for New York on the liner Europa today. He was the last American delegate to the World Economic Conference to leave London.

Partial Payment On Unpaid Taxes Cannot Be Made

Corporation Counsel Flanagan Rules to That Effect in Letter to Aldermen—On August 1, There Was Still \$109,500 in Unpaid Taxes on City's Books—Other Matters.

At the July meeting of the common council the question of allowing delinquent taxpayers to pay their unpaid taxes in partial payments was brought up and referred to a committee who took the matter up with Corporation Counsel Chris J. Flanagan who in a communication read at the meeting of the council Tuesday evening ruled that the city treasurer could not accept partial payments, but payments must be made as specified by the city charter.

Acting Mayor C. J. Heiselman, who was present at the meeting, in reply to questions as to the amount of city taxes still unpaid said that City Treasurer James H. Betts informed him that as of August 1, there was still \$109,500 in unpaid taxes on the city's books.

Unpaid Assessments.
A communication was also received from the corporation counsel in which he wrote that the city treasurer should take the necessary steps to collect assessments of unpaid special assessments for sewers and pavements by sale of the properties against which the special assessment was levied.

Beer Garden Control.
Alderman Derrenbacher reported that the matter of drafting an ordinance regulating the hours for sale of beer in Kingston was still in the hands of the corporation counsel.

One-Way Streets.
The traffic control committee reported favorably on making Grand street a one-way street from Broadway to Prince street, and a one-way street of Prince street from Grand street to Dederick street. The committee also submitted a plan that was proposed to take care of traffic coming out of Henry street into Broadway.

Rhymer Petition.
Prior to the regular meeting of the council the laws and rules committee held a public hearing on the application of Benjamin F. Rhymer to have his property at 421 Albany avenue placed in the business zone. No one appeared in opposition and later at the council session the corporation counsel was directed to prepare the necessary ordinance. Mr. Rhymer plans to erect a shop to carry on his business in the rear of his property on Albany avenue.

Opposing Petitions.
One petition favoring the granting of the application of Harry Silverberg to place the old gas storage plant on East St. James street in the business zone was read at the meeting as was another petition opposing the placing of the property in the business zone. Both petitions were referred to the laws and rules committee. Mr. Silverberg is anxious to use the property for his dry cleaning business.

Reported Progress
Alderman Zucca of the building and supply committee reported progress on the old armory. Later Alderman McGrane of the committee said no progress was being made. Alderman Zucca reminded him that only two meetings of the armory committee had been held and there was no use in going ahead and spending money until a plan for the improvements contemplated had been approved and the cost estimated.

Deed to Hospital
The aldermen favored the deed of the Graham property, owned by the city, to the TB Hospital for the nominal consideration of \$1, and the corporation counsel was directed to prepare the necessary deed. This property adjoins the hospital grounds.

Traffic Signal Ordered
Mayor Heiselman informed the traffic control committee that a traffic signal had been ordered and would be installed at Washington and Hurley avenues.

Ordinances Adopted
The council adopted ordinances amending the zoning law and placing the properties of Edward Osterhout on Greenkill avenue, Henry L. Ulrich on Wrentham street, and Homer Emerick on Albany avenue, in the business zone.

Unknowns Write Letters.
Two letters which the writers failed to sign were read. One suggested that the bus line on Hasbrouck avenue detour through Foxhall avenue during the summer months, and the other objected to the toothing of whistles on the West Shore Railroad between Broadway and Flatbush avenue as the crossings were protected by gates. Both communications were referred to the bus committee.

Motions Introduced.
The following resolutions were introduced and referred to the proper boards:

Alderman McGrane—That Orchard street be kept that sewer at Brewster and Leran street be cleaned.

Alderman Reinhard—That holes in Brook street and Chapel street be filled; that DeWitt street be repaved.

Alderman Epstein—That light be placed on pole 7748 on Ann street; that board of public works advertise the exact time that garbage is collected downtown under the new schedule.

Alderman Zucca—That something be done to drown the dust in the

Postmaster Merritt Answers Queries on Recovery Program

Steps Necessary For Employer of Less Than Three Persons Who Wishes to Join N. R. A.—Seventy Have Joined So Far.

Many inquiries have been made by employers of less than three persons concerning the steps necessary for them to participate in the plan promulgated by President Roosevelt and the National Industrial Recovery Administration to raise wages, create employment, and thus increase purchasing power and restore business. Copies of the President's communication directed to all employers in the country and the President's re-employment agreement, together with a certificate of compliance with such agreement, have been delivered locally to all employers of three or more persons.

A notice received today by Postmaster Edward L. Merritt from the Post Office Department states that while it was indicated in a previous communication to all employers were not to be delivered to employers of less than three persons, it was intended that employers, employing less than three persons might obtain copies by calling at the post office. The order received today is in line with newspaper dispatches that such action was forthcoming.

In conformity with this order, all local employers of less than three persons who wish to sign the President's Reemployment Agreement will be supplied with copies of the agreement if they will call at the main post office, or at Uptown Station or Rondout Station.

Yesterday was the first day on which the certificate of compliance with the President's Reemployment Agreement might be delivered at the post office by an employee. Up to noon today, more than 70 employers delivered their certificates, duly signed, at the main post office or at the Uptown or Rondout Stations, and received the insignia of membership issued by the National Industrial Recovery Administration.

Notices of the United States Treasury offering of \$500,000,000 of Government bonds have been posted in the main post office and at Uptown Station and Rondout Station. The bonds are in denominations of \$50 and upward. They will be dated August 15, 1933, and will mature August 1, 1941. They will bear interest at the rate of 3 1/2 per cent, payable semi-annually. Banking institutions generally will handle subscriptions to the bonds.

Hutton Brick Co. Raises Wages As It Applies Code

Only Local Brick Concern Operating at Present, Subscribes to Wage and Hour Code—Eleven Companies in This District at Meeting.

Representatives of 11 Hudson river brick manufacturing concerns attended a meeting Monday afternoon at the Governor Clinton Hotel to consider joint action in conformity to the blanket code recently proposed by the National Industrial Recovery Administration. As a result of the discussions, it was decided by representatives of all plants now operating, with one exception, that they would proceed at once to put into effect such changes as would bring operations in line with code provisions. Minimum rates of pay on all such operating plants were raised yesterday to the minimum prescribed in the code, and scales of wages above the minimum were also raised in such manner as seemed equitable. Steps were also taken yesterday to reduce hours of work per day and per week to conform with code requirements. Some departments have already been placed on the code-hour basis; in other departments it will require several days to make adjustments necessary to effect compliance.

The only brick plant operating at the present time in this district is that of The Hutton Company, which started to manufacture in May. The Hutton Company put into effect a general wage increase yesterday, bringing the minimum up to that prescribed in the code, as well as raising classifications previously above the minimum. The company also placed certain operations on the code basis of hours and plans to bring practically all other operations in line within the next few days.

The common brick industry has prepared a joint code of fair competition in conjunction with representatives of the American Face Brick Association, the National Paving Brick Association, and the Structural Tile Association. Preliminary hearings on the code have already been held before a deputy administrator at Washington. When this code is finally endorsed by the industry and approved by the president, its provisions will become the rules under which the plants will function, and will supersede the provisions of the blanket code.

updown parking grounds; that gutter in front of the Sweeney & Schonger store on Fair street be raised.

Alderman Neike—That a few more holes in Henry and Prospect streets be filled and also on Van

Albany, N. Y., Aug. 2 (AP)—The search for the kidnapers of Lieut. John J. (Butch) O'Connell, for whose freedom the family paid \$40,000, has shifted to New York city where the captive was held three weeks.

Manney Strewl, 30-year-old ex-convict, who negotiated the release of the young nephew of Ed and Dan O'Connell, up-state Democratic leaders, was taken to the metropolis by police in an effort to pick up the trail of a "large group of Italians" who held the hostage.

In Albany today the hunt went on for the "finger man" who arranged for the seizure of O'Connell on July 7. Officials believe they know who this individual is and are confident that he will soon be apprehended. He is, they say, well known in local underworld circles.

Strewl, whom District Attorney John T. Delaney said had given him "valuable information," is not a prisoner but the prosecutor admitted that the intermediary likely will be booked as an accessory because of his participation in the affair.

Strewl In New York May Help Police Pick Up Kidnapers' Trail

Albany, N. Y., Aug. 2 (AP)—The search for the kidnapers of Lieut. John J. (Butch) O'Connell, for whose freedom the family paid \$40,000, has shifted to New York city where the captive was held three weeks.

Manney Strewl, 30-year-old ex-convict, who negotiated the release of the young nephew of Ed and Dan O'Connell, up-state Democratic leaders, was taken to the metropolis by police in an effort to pick up the trail of a "large group of Italians" who held the hostage.

In Albany today the hunt went on for the "finger man" who arranged for the seizure of O'Connell on July 7. Officials believe they know who this individual is and are confident that he will soon be apprehended. He is, they say, well known in local underworld circles.

Strewl, whom District Attorney John T. Delaney said had given him "valuable information," is not a prisoner but the prosecutor admitted that the intermediary likely will be booked as an accessory because of his participation in the affair.

Louis Snyder, Albany attorney and Past Exalted Ruler of the Elks, last night told how he was drawn into the case by Strewl. He brought more sharply into the focus the picture of the actual passing of the ransom money. He, instead of Strewl, handled the currency, tricking the snatch mob into taking marked bills after the gangsters had taken precautions to avoid such a trap.

Snyder also revealed a melodramatic procedure the mobsters dictated to hide their contacts with Strewl. During the last week-end the two were in New York city Strewl contacted the kidnapers several times but always he was blindfolded and reached the rendezvous only after making several taxicab transfers before being picked up by the kidnapers' machine. The main object in taking Strewl to New York city was to locate the meeting place, which was in the vicinity of East 220th street where the captive was held.

Snyder said that Strewl was accepted by the mobsters on July 15, the day after his name appeared in a list of 12 go-betweens suggested by the O'Connell family. Mr. Delaney said he selected the 12 names in the belief that among them would appear one who would be satisfactory. Two previous lists of 11 names each were rejected by the kidnapers. Strewl asked Snyder to aid him in the negotiations and the young attorney remained in the case at the insistence of Dan O'Connell. Strewl refused to handle the ransom money and Dan entrusted it to Snyder. A total of \$42,300 was taken to New York. A certain amount of mystery surrounds the extra \$2,300 which Strewl returned to Delaney when Young O'Connell was delivered last Sunday morning. Delaney said it was for "expenses" and Snyder remarked that "Dan knows all about that money." It was marked like the rest of the currency.

Although Delaney complained that "if Snyder had tipped us off where and when the money was passed we'd have gotten the gang, dead or alive," Snyder countered with: "All of my activities were known to Dan O'Connell and presumably to the officials on the case, including the federal agents."

Snyder also made known that the O'Connell family received many letters from the kidnapers, some of them typewritten and others handwritten printing. The gang demanded these letters be returned with the ransom money. Snyder returned some of them but enough were withheld to enable the investigators to develop a clue.

Young O'Connell told Snyder and Strewl that his captors were "a large group of Italians" and this was substantiated by Delaney who said the gang demanded that communications in newspapers bear the salutations "Dear Rex" and "Dear Roma." Rex and Roma are names of Italian passenger liners.

As interest centered in Strewl, the state department of corrections revealed that the 30-year-old go-between served two terms in a federal prison, in 1923 and 1929. He also was tried with a pal, John Oley, on a charge of shooting and wounding Joey Green, a racketeer, who later was shot to death in a Glens Falls speakeasy. Strewl and Oley went free when a jury disagreed over whether they were responsible for the assault on Green.

NO MORE NUDE DANCING AT THE WORLD FAIR

Chicago, Aug. 2 (AP)—Nude dancing at a Century of Progress is at an end.

Dancing in the nude at various shows at the Oriental Village and other places along the midway at the World's Fair was halted by the various concessionaries last night.

Their action followed a plea by Mayor Edward J. Kelly, who called the fair the other night and saw a "Lady Godiva" ride a camel and a woman dancing without clothing. He subsequently issued an order that shows which he described as "indecent" be eliminated or the places would be closed.

The concessionaries were warned they'd have to tone down the performances, and as a result crowds that flocked into the fair grounds saw a fan dancer dance in trunks and a brazier instead of just fans.

Lehman Asks Moratorium On Mortgage Foreclosures

Governor Harks To Requests of Small Home Owners Facing Loss of Property, Asks Legislature To Declare Moratorium on Home and Farm Loan Mortgage Foreclosures Until May 1, 1934, at Least—Provisions of Plans.

Albany, N. Y., Aug. 2 (AP)—Swamped with demands for the relief of small home owners facing loss of their property because of unemployment, Governor Herbert H. Lehman asked the New York Legislature today to declare a moratorium on home and farm mortgage foreclosures until May 1, 1934, at least.

The moratorium proposed by the governor would apply to foreclosures brought because of the non-payment of principal, provided taxes and interest and other charges had been paid.

Mr. Lehman told the lawmakers in his special mortgage relief message that he did not advise a general mortgage foreclosure moratorium, because he feared such a move would endanger banks, insurance companies and the holders of guaranteed mortgage certificates.

At the same time he declared that deficiency judgments after foreclosure sales have been adding to the home owners' burden because they are "entirely out of line with the fair value of the property." He asked the lawmakers to give the Supreme Court the authority to determine "the fair value of the real estate foreclosed, irrespective of the price bid and to limit the deficiency judgments only to the difference between that determined value and the amount of the bond."

Governor Lehman also recommended that laws be passed to facilitate the operation of the federal home owners loan act in this state. This would include giving the state superintendents of banks and insurance the right to invest in the bonds issued by the Home Owners Corporation and also to exchange any mortgages they hold for such bonds. Mr. Lehman also suggested that the bonds be made legal investments for trust funds.

The governor expressed the hope that by May 1, 1934, the date he tentatively set for the end of the home and farm mortgage moratorium, the federal act would be bringing some relief for hard-pressed mortgagors. If not, he said, and if the "state of national recovery" requires it, the legislature may extend the moratorium.

He warned against the enactment of any moratorium measure that might serve to encourage the non-payment of taxes on real estate. "A general moratorium on tax payments would seriously embarrass every municipality in the state," the governor said.

He recommended that the moratorium legislation should provide "that the liability of any guarantor of the payment of the principal or any installment of any mortgage shall not be released by the moratorium but shall likewise be postponed for the same period."

"Incorporation of such a provision is automatically made necessary by the creation of a moratorium," Mr. Lehman said. "In fact, it serves to indicate forcefully the existence of a delicate interdependence of many distinct interests of various groups of our citizens."

In declining to declare a general moratorium on foreclosures, the governor declared that "the effect of such a moratorium on millions of our people would be very great, the extent cannot possibly be foreseen. I have given the most careful study and consideration to this subject, as the plight of the home-owner generally has engendered my deep sympathy."

In his introductory remarks, Governor Lehman said: "It is evident that the state will have to intervene to prevent to some extent the hardships now being occasioned by mortgage foreclosures on homes and farms. Owing to the current depression, thousands of our fellow citizens who have invested their life savings in individual homes now find themselves faced with the prospect of having these homes taken from them. Continued unemployment has drained their resources. They find themselves unable to meet principal maturities."

"If there were available a ready market for mortgages, they would be able to help themselves by refinancing their mortgages, the fact is however, that the real estate market has become so disorganized that the ordinary channels for obtaining mortgages on homes are practically closed. Refinancing of a matured mortgage has become well-nigh impossible."

She said John Costello, Jr., her husband's brother, brought his father to her home and told her to take care of him.

She testified that her mother, Mrs. Andrew J. Fyfe, and "Bill" were close friends always.

The widow broke into tears again as she said there wasn't a day went by after my mother died that Bill didn't wish he had gone with her."

She said Costello had been taking medicine for some time before his death.

Albany, N. Y., Aug. 2 (AP)—Mrs. Jessie Costello, on trial for the murder of her husband, William J. Costello, told the story of her life today when she took the stand in defense of her life.

In a low steady voice, she answered the questions of her counsel, William G. Clark, as he led her to tell of her marriage to Costello and how she met Edward J. McMahon, Peabody policeman, who testified previously he had engaged in an illicit love affair with her. Mrs. Costello frequently broke into tears as she gave her testimony.

MELT AWAY Your Stomach Fats

And You'll Feel Like a Million Dollars

There is nothing more delicious than a good meal. But if you are overweight, you will find it difficult to enjoy your food. The reason is that your stomach is full of fat. This fat is the result of a poor diet and a sedentary life. It is time to melt away these stomach fats and feel like a million dollars again.

Scout Jamboree Starts With Parade

Codell, Hungary, Aug. 2 (AP).—The fourth world jamboree of Boy Scouts began today with the parade of 30,000 boys, including 357 Americans, past Regent Horthy of Hungary.

Scout flags from about 50 countries were blessed in Catholice, Protestant, Jewish and Mohammedan services preliminary to the formal opening of the jamboree in the late afternoon.

The American youths, led by Dr. James E. West, arrived here yesterday on a Danube river steamer also carrying Lord Baden-Powell, founder of the scout movement.

Spectacular displays are on the program for presentation in a great arena and a recently constructed hall houses various exhibitions. A flying field is provided for contingents which brought planes and gliders.

YOUTH COUNCIL PLANS FOR CONGRESS AT CAMP

The Kingston Youth Council met at the Y. M. C. A. Tuesday evening and completed many of the plans for the coming youth congress to be held at the Y. M. C. A. camp on Friday, Saturday and Sunday, September 16, 17 and 18. Kimble Price, president of the council, presided.

The theme of the congress this year will be building, suggested by Matt. 13:12. "Upon this rock Peter, I will build my church." The congress hymn will be "Building, Daily Building."

The congress is scheduled to start on Friday at 4 and to have sessions on Friday at 7:30, Saturday at 9 a. m. and 1:15, and on Sunday at 9:15 and 12:30. Saturday from 2:30-7 has been set aside for recreation of various sorts, and Saturday evening from 8:30-11 an entertainment and social. Registrations are now being received by Miss Marion Coutant.

Shookan Tennis Tournament

Shokan, Aug. 2.—The mixed tennis doubles tournament at the Community playgrounds court on church hill got underway the latter part of the week and young men and women with rackets in hand are now seen wading their way to the play from early morn 'til dewy eve. Those who have entered the tournament are as follows: Irving Weeks, Mrs. August Pless, Verna Gilles, Mr. and Mrs. Sam Friedman, Paul Morgan, Burton Gidney, Charles Richards, Alfred and Morris Ross, Homer Markle, Jr., and Marion Curley. At last accounts, Paul Morgan and Charles Richards, both New York city men, were leading the field, and interest was running high over the events.

Olive Bridge Dance

The Piasola Orchestra will furnish music for the dance to be held tonight at Odd Fellows' Hall, Olive Bridge.

Fatal Shooting Of Heye Is Told

Cherbourg, France, Aug. 2 (AP).—Details of the fatal shooting at sea of Karl Werner Heye, a wealthy young New York broker, were told today by Chief Officer William Dahme of the liner Bremen as the vessel docked here.

Heye, who was 26, was accidentally shot in the head by his friend, Charles Manger, 22 years old, of Los Angeles, while the latter was playing with a pistol in their cabin on the Bremen, at 2 a. m. Sunday, Dahme reported after investigating the tragedy.

Manger collapsed after reporting the accident, and required the help of a hospital attendant, who was constantly with him the remainder of the voyage.

Manger will be taken to Bremerhaven, Germany, where he will be turned over to German authorities, under whose jurisdiction the case comes according to international law.

No one is allowed access to the youth's cabin pending the arrival in Bremerhaven, but Dahme said he was not under arrest. The officer expressed the belief the shooting was accidental.

Heye's body will be taken to New York on the Bremen's return trip.

Dahme said Heye and Manger, a student in Stanford University, were close friends and had started a world tour.

After the shooting, Manger called the steward hysterically, the officer said, and declared: "There has been a terrible accident."

The steward summoned a doctor, who found the New Yorker crumpled on the floor. He had died instantly.

Manger was quoted by the officer as saying he was "playing" with his .45 automatic when it accidentally discharged.

The tragedy happened the first night out of New York, but other passengers were not told of it until yesterday.

Manger is a nephew of Julius Manger, partner in the Manger hotel chain. Heye was the adopted son of the late Karl Werner Heye, 2d, wealthy Rochester accountant. Since the death of the elder Heye in June, 1932, young Heye lived in New York. He inherited the bulk of the Heye estate.

Heat Wave in New York Area Takes 27 Lives

New York, Aug. 2 (AP).—An eastern heat wave that has taken 27 lives in the New York Metropolitan area alone steamed into its fifth day today.

Possible thunder showers were the only hope of basking multitudes as they arose from a night made miserable by high humidity.

Fifteen died yesterday in the New York area, where the mercury hit 97 and humidity increased. Hundreds of thousands sought relief at beaches. Other thousands slept last night in parks, where "keep off the grass" signs were removed temporarily.

At Coney Island yesterday, 57 people were hurt when a wooden balcony on which they had crowded to watch a fist fight collapsed. Most of the injuries were slight.

The temperature reached 100 in Plainfield, N. J. Pittsburgh and Newark reported a death each. Washington suffered under 95 degree heat, and in Boston it was 92.

Workers Working on Huge Clam Bake

Many citizens of the city and surrounding territory are looking forward with pleasant anticipation to the clam bake of the Workers Association to be held next Sunday. The bake will be held at Dunneman's Grove opposite Forsyth Park and will open at two o'clock and six o'clock. The committee in charge under Sam Carson as chairman assures everyone that the bake will not be merely food to be eaten but will be delectable to behold and to taste. There will be thousands of clams to satisfy the clam appetites. Then will come Ulster county broilers baked to the Queen's taste. Sam and his committee were stuck when they came to the next item on the bill of fare. It seems the association has a botanist as a member. He insists that the sweet potato is not a potato at all but a climbing plant allied to the morning glory. So, Sam and his committee hiked to the library and checked through all the books available and discovered to their amazement that the botanist member was correct.

However, the committee decided to label the sister to the morning glory as plain sweet potatoes. The committee got in deeper water when they got to the next item. The plant expert on the committee had dubbed it a farinaceous tuber. This was over the head of the committee but they were finally relieved to learn it was the ordinary white Irish potato. After this, Sam says there will be no botanists who deal in the science that treats of the classification of plants on his committee. With all the learned discussions the necessary item of sweet corn was almost overlooked. The committee thereupon got busy and made a study of the methods used by the Indians in cooking their maize which they grew on the lowlands along the Esopus three hundred years ago. However, the committee decided upon improved and modern methods to cook the sweet, yellow corn that will be served. When the committee came to the next items of watermelon and beer the scientist on the committee was padlocked from further discussion so the bill of fare simply reads "juicy ripe watermelon" and "ice cold beer." The association assures all who attend that the bake will be a delightful one and highly pleasing in every way and will be under the direction of John Gedney, who is recognized as a past master in the art of clam bakes.

It is easy to get to Dunneman's Grove as it is about opposite the upper part of Forsyth Park. It can be reached by driving along Lucas avenue until almost the city limit and turn to the left at the sign, or drive through Miller's Lane. It can also be reached from Main street. Besides the bake there will be a horse show pitching contest. A member of the association claims to be the champion of the city and will defend his title. Also the tug of war team of the association challenges any association to compete in a contest of strength. The committee will hold its final meeting at the association office at No. 7 Cedar street on Thursday evening and all members having tickets are requested to make a final return at that time.

Historic Saratoga Opens With Color

Saratoga Springs, N. Y., Aug. 2 (AP).—Historic Saratoga, its hotels and cottages overflowing with turf fans, is "all set" for the opening of its 27-day racing program tomorrow.

Already fifth on the world's list of money earners, C. V. Whitney's Equiptoe is a favorite to win the Wilson mile, one of tomorrow's features. He has won \$234,320 and needs only \$52,000 to pass Sun Beau's record.

The month's program at the Spa includes 37 rich stakes which will pay more than \$300,000.

Equiptoe is eligible for eight stake engagements, including the important Whitney mile and a quarter, August 26, and the Saratoga Cup, a mile and three-quarters, the final day, September 2.

With the largest cottage list in two years, Saratoga has regained some of the splendor and sparkle of the days when it first became known as the "Royal Ascot of America."

For days the smart clubs, hotel lobbies and restaurants—there are 21 new ones, most of them equipped to sell beer—have been buzzing with the language of the race track.

Box Car Play House Brings Lads to City

Two New Windsor youngsters took an unexpected trip Tuesday when the freight car in which they were playing suddenly started up and brought them as far as Kingston, before the train came to a stop. The boys, brothers, were Samuel Woodruff, 11, and Roy Woodruff, 12, and it was about two o'clock when they began their journey.

Arriving at Kingston the boys got off the train and started to walk back home. They got as far as Ulster Park, declining an invitation to spend the night at a hotel camp, when a friendly stranger picked them up, gave them something to eat and brought them to the sheriff's office about 11 o'clock at night.

Night Jailer Lynna Ellsworth took the boys in charge, gave them a bath and put them to bed for the night. Their father, Bertram Woodruff, a New Windsor painter and painter, was notified and the boys were to be called for and taken back home today to rejoin their parents and 11 other brothers and sisters.

Believe 30 Hurt In Managua Explosion

Managua, Nicaragua, Aug. 2 (AP).—A sudden, terrifying series of explosions in the Campo de Marte arsenal last night and early today is thought to have killed or wounded 30 National Guardsmen.

Many of the 50,000 inhabitants were participating in a traditional Fiesta at Santo Domingo Plaza when the first detonation occurred at 10:40 p. m. E. S. T. lesser blasts continued until after midnight.

Crowds of merry-makers, nearly panic-stricken, rushed through the streets. It was believed the disaster was accidental in origin, but the populace, not knowing what was happening, was thrown into a state of intense excitement at first.

Houses were shaken. Spent cartridges shells were scattered through the city, as in a bombardment. So strong was the blast that a large pistol was hurled through the roof of a house a quarter of a mile away.

President Sacasa, who saw the explosions from the palace, overlooking the arsenal, immediately issued a statement saying: "A part of the Managua arsenal exploded. The entire country is peaceful. There is no cause for alarm."

The excitement was equal to that when Managua experienced an earthquake in 1921.

Immediately the National Guard started patrolling the city and roads leading here and directed that precautions be taken to guard against a threatened fire.

Christian Brothers College, adjacent to the arsenal, was not damaged, and students and teachers marched to safety.

Hope Peace Plans Will End Strike

Brownsville, Pa., Aug. 2 (AP).—Beset with violence and spreading strikes, Pennsylvania's soft coal fields are watching expectantly for peace moves that might lead to a settlement of differences between miners and operators causing walkouts of upwards of 30,000 men.

Indications that both the state and Federal governments are acting speedily to bring order out of the turbulent mine situation are seen in two developments:

(1)—Governor Gifford Pinchot conferred with union leaders who agreed upon a plan to establish "union guides," a selected force of 2,000 miners designated to cooperate with National Guardsmen and local police in keeping peace.

(2)—General Hugh S. Johnson, national recovery administrator, "hopes" the strike will be settled after a speech he is to make in Harrisburg tonight.

Another move viewed with interest is the announcement of the H. C. Frick Coal Company that it will close all its workings in Fayette county indefinitely. Fayette county is the center of the present strike troubles and it was here that one striker was killed and more than a score wounded in disorders yesterday.

Wood And Phinney Guests Of Honor

Chief of Police J. Allan Wood and Police Sergeant Charles Phinney, who recently completed twenty-five years of service with the Kingston police department, will be the guests of honor at a dinner to be held at the Governor Clinton Hotel on Thursday evening at 6:30 o'clock.

The members of the Rotary Club will unite with the Kiwanis Club, which is sponsoring the event, in honoring the two members of the police force who will be presented with appropriate medals to commemorate their quarter century of police work. It is expected that Mayor Eugene B. Carey will be present at the dinner. The mayor, who has been unable to perform his duties as mayor since his severe illness, is recuperating near Kingston.

69c A BIG VALUE

Lady Nottingham Hose

AND A REGULAR-SIZED PACKAGE OF LUX FREE

HERE'S the biggest news in town—a market coup made possible these sensational stocking values. Full-fashioned, pure-silk hose—for this sale 69c.

Along with these economy prices every stocking customer gets a package of Lux free. Only one box to a customer, but no limit to the stockings you can buy.

CHIFFON—Fine-gauge, smartly dull hose; all-silk welt and heel, cradle foot. SERVICE—Luxe garter hose, wide striped soles, reinforced heels.

COLORS—Complete range of smart new shades for fall—you can start wearing right now.

WE RECOMMEND LUX FOR WASHING STOCKINGS

Washability Expert
There is a proper way of washing stockings to insure long wear. A washability expert will be at our hosiery counter all this week. Her authoritative hints will save you money.

LUX is a perfect product—it cannot be improved upon. We find it insures the longest possible wear for stockings. Regular washing with Lux preserves the elasticity of the silk, makes stockings last longer, fit better and look better. Don't let perspiration stay in stockings. Lux after each wearing.

BARMANN'S BEER IS HERE!

GOOD NEWS For The People Who Patiently Have Waited For BARMANN'S BEER

YOU NOW MAY HAVE BARMANN'S BEER. THAT FAMOUS BEER IS ON SALE TODAY IN KINGSTON AND ULSTER COUNTY. THE SUPPLY WILL BE CONTINUOUS.

IT IS THAT SAME NATION WIDE-POPULAR BARMANN'S BEER THAT SPREAD THE FAIR NAME OF KINGSTON THROUGHOUT THE COUNTRY — THE BEER THAT HAD NO EQUAL — THE HEALTH DRINK OF THOUSANDS OF OUR GOOD PEOPLE. THE BEER THAT SET THE STANDARD BY WHICH OTHER BRANDS WERE COMPARED.

BARMANN'S BEER TODAY IS AS GOOD AS IT WAS IN PRE-PROHIBITION TIMES. THE FIRST BREWS HAVE BEEN AGED PROPERLY — MADE TO BARMANN STANDARDS FROM THE SAME CAREFULLY SELECTED INGREDIENTS — THE FINEST BARLEY MALT AND HOPS THE WORLD AFFORDS — IN ALL ITS PROCESSES WATCHED OVER BY THE SAME BREWMASTERS WHO ALONE KNOW THE SECRET OF BARMANN'S BEER.

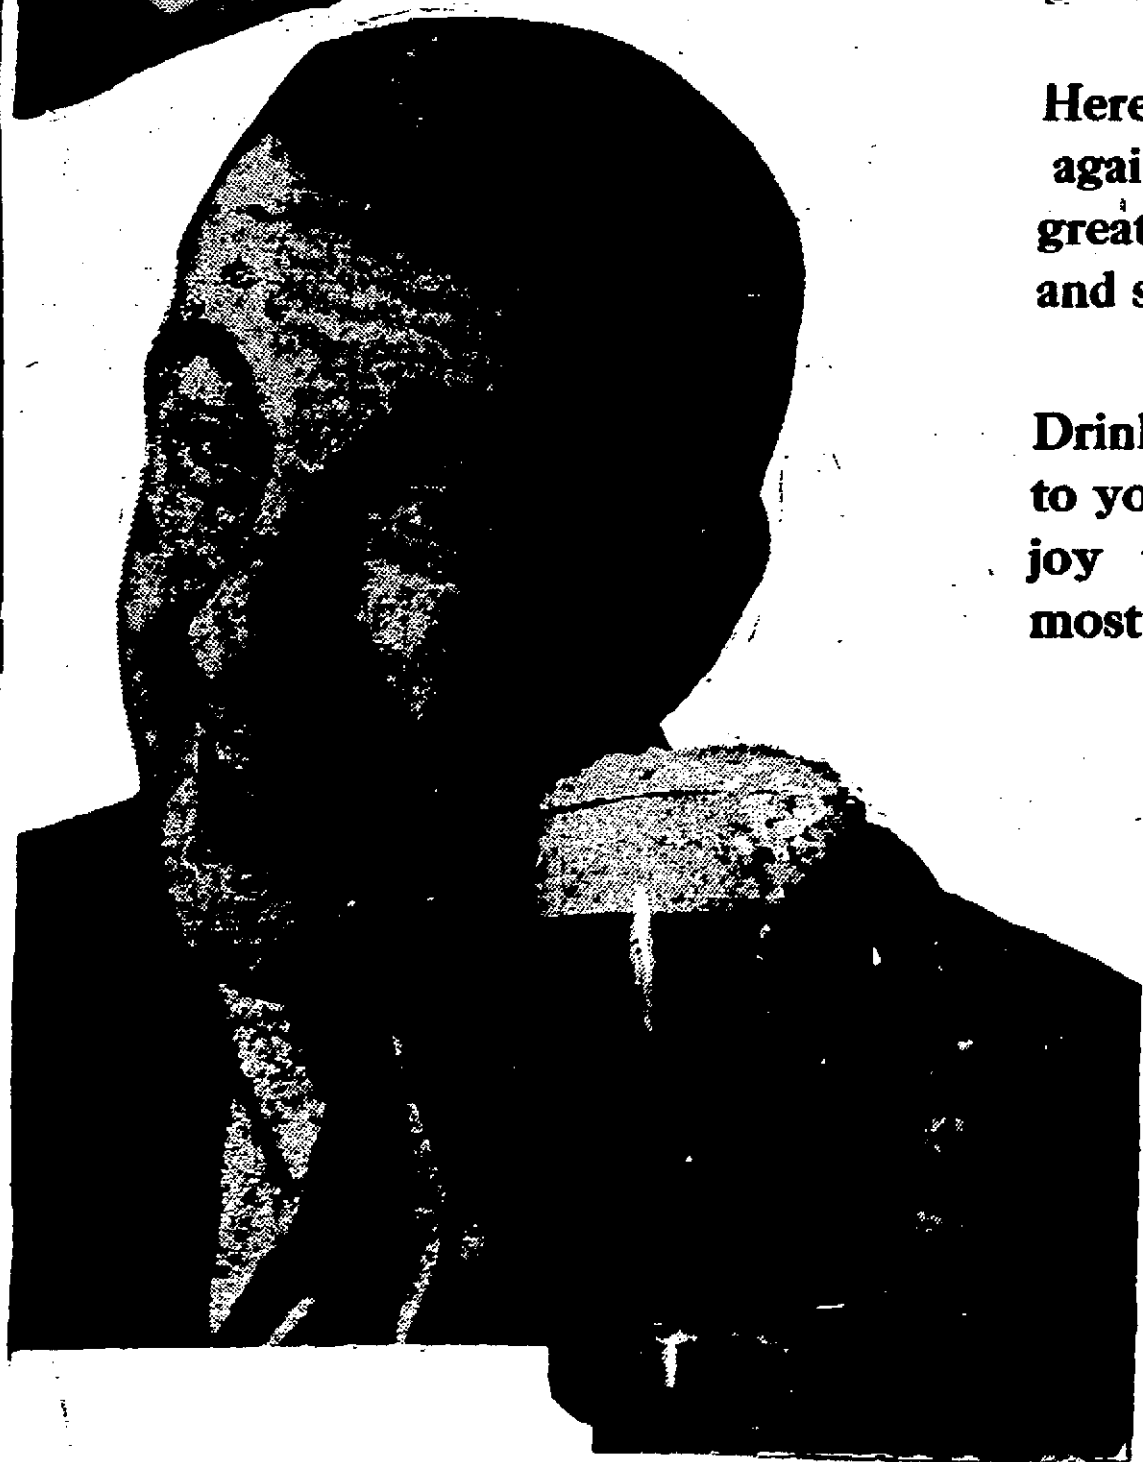

Here is your old friend back again. Here is Kingston's great industry re-established and strengthened.

Drink **BARMANN'S BEER** to your good health and enjoy the finest, purest and most wholesome of all beer.

A New Brewery

The Barmann Brewery has been newly and modernly equipped. It is to be further enlarged. Already it has contributed greatly to employment and business generally in this section. It has but started and it is our aim and intention to make this one of Ulster County's outstanding business institutions and one of the largest employers of labor in this section.

Barmann's Beer Is Being Distributed

Today the Peter Barmann Brewing Company, Inc., started distribution of its beer, and elsewhere in the Freeman will be found a full page advertisement of the brewery calling attention to that fact.

It was stated that a large number of orders have been received from various sections of the state, and also from several southern and western states.

The company is planning a new addition to the plant to take care of the trade. There are approximately 60 men employed at the plant at the present time and that number will be increased within the next few months.

WALKER VALLEY

Walker Valley, Aug. 2—Mrs. L. Washburn and son, Frederick, of Kingston are spending the week with Mr. and Mrs. Anson Polhamus. The drama "Child of Destiny" will be given by members of the A. M. E. Zion Church August 10 in M. E. Church.

Warren Greer is spending a few days in Richmond Hill, L. I.

Jip, pet dog of G. N. Evans, was run over by an auto and had to be shot.

Mr. and Mrs. F. Masten of Newport, N. Y., called on their cousin, D. C. Jansen, Monday.

Mr. and Mrs. Kurt Sehrg, of Ellenville, spent Monday with their brother and sister-in-law, Mr. and Mrs. Walter Sehrg, in Ellenville.

The freemen's fair will be held Thursday, August 16.

John Polhamus of the C. C. C. Camp in Boileville spent the week-end with his parents, Mr. and Mrs. A. Polhamus.

Helen and Georgia Erickson are spending the summer with their grandparents, Mr. and Mrs. H. Rose. Mr. Rose has been confined to his bed again and is a very great sufferer from rheumatism.

Mr. and Mrs. Anson Polhamus spent Saturday with Mrs. L. Washburn in Kingston.

The song service given in the M. E. Church Sunday by Sernor Cappelli was greatly enjoyed.

Rose Mary Gallagher and girl friend of Long Island have returned home after a two weeks' stay with Mrs. Henry Polhamus.

Mrs. Albert Wilkins and Mrs. Henry Koster joined the throng at the World's Century of Progress Fair in Chicago.

Mrs. J. Wolf and children of Valley Stream are spending the month at their summer home here, Walker Rest.

The freemen will hold their annual

Training for Flying at Their Own Expense

SO ENTHUSIASTIC are these members of the naval and marine aviators that they refuse to let a little thing like a shortage of government cash deprive them of their training. They are paying their own expense at the naval air station in Washington, D. C.

American Peony Gets First Prize

OFFICIALS of the World's fair in Chicago announced that in the final competition for the peony award the first prize went to an American variety, Hansena Brand, originating in Fairbault, Minn., on the farm of A. M. Brand. This peony won the Farr gold medal as the best in the show, defeating French originations that have won for several years. Marguerite Franz is shown above with the winning peony.

"Little Stories for Bedtime" by Thornton W. Burgess

JERRY LOOKS FOR A PLACE TO BUILD

OF COURSE Jerry Muskrat was joking when he asked Peter Rabbit if he had come over to the Smiling Pool to help him build a house. He knew that Peter couldn't help if he wanted to, and he wouldn't want to if he could. There is no getting away from the fact that when real work is concerned Peter Rabbit is lazy. All his neighbors know this.

"Are you really going to build a new house?" asked Peter, his eyes wide with curiosity and interest.

"Of course," replied Jerry. "How

"Use Your Thinker If You've Got One," replied Jerry.

So you suppose I would get along next winter without a house?" "I didn't know but you would use your castle in the bank," replied Peter. "I could, but I don't want to," replied Jerry. "In the first place it is in the bank of the Laughing Brook, and that isn't where I want to be. I want to be down here in the Smiling Pool. In the second place I like a good big comfortable house like the one that was swept away by the flood last

spring. So I mean to have another and better one for this coming winter."

Of course Peter was all interest at once. "Where are you going to build it?" he asked.

"I don't know. Where would you build it if you were in my place?" asked Jerry.

"Why don't you build it right where the old one was?" inquired Peter.

"Use your thinker if you've got one," replied Jerry. "What happened to my old house?"

Peter remembered the spring flood and how the water had risen until it ran so swiftly that it had swept Jerry's house away in pieces, leaving Jerry homeless. It was plain that Jerry had learned a lesson. Peter understood that the reason he wasn't building in the same place was that he didn't intend to have the same thing happen again if he could help it. That was just plain sense, something Jerry has a lot more of than has Peter.

"I won't build at all if I can't find any but the old places," said Jerry.

"Perhaps there won't be any flood next year," said Peter hopefully.

"And perhaps there will," retorted Jerry. "Perhaps is a mighty uncertain word and I don't want any perhapess in my new house. Now if you will excuse me I'll go look for a place to build."

Jerry dived from the Big Rock into the Smiling Pool and Peter could see his little black head in the moonlight as he swam for the opposite shore. There he disappeared among the Black Shadows, but now and then a faint splash told Peter that he was still there and very busy. All around that side of the Smiling Pool he traveled, now running in and out among the rushes where the water was very shallow, now swimming where it was too deep for wading. And all the time his shrewd little eyes were taking note of everything which might be of advantage for the new house he intended to build.

At The Theatres

Today

Kingston: "Hell Below." Action-brim drama, entertaining, tense and gripping from the first flicker to the last, is this tale of the sea. Robert Montgomery, playing the role of a junior officer on a submarine, is in love with the married daughter of the submarine commander, brilliantly played by Walter Huston, and the girl, capably handled by Madge Evans, both turn in excellent performances. It's the story of the war beneath the sea, bringing out all the dangers of submarine warfare as well as all the thrills that with it. Big in every detail, with perfect photography, realistic sound effects, and thrills upon thrills, this story moves along with the speed and brilliance of lightning. Robert Montgomery, Madge Evans, Walter Huston, Robert Young, Jimmy Durante and Eugene Pallette are all of the exceptional cast.

Orpheum: "Age of Consent" and "With Williamson beneath the Sea." Eric Linden, Arline Judge, Richard Cromwell, Dorothy Wilson and John Halliday are the principal youthful players in this story of modern morals and ways of the younger generation today. Youth, its cares, its troubles, and its romance, are all brought before the camera, and Dorothy Wilson emerges as one of the outstanding film finds of the year because of her excellent performance. Not one of the newer talkies, but interesting and different. "With Williamson beneath the Sea" is more or less of an educational picture, with some interesting camera studies of marine life.

Broadway: "The Devil's Brother" and "King of the Jungle." Stan Laurel and Oliver Hardy go through their comical gyrations in this full length talkie with a medieval setting. This talkie is also a musical, with Dennis King leading the melodies, and it is good proof that music and comedy go well together if intelligently handled. With a plot not unlike Robin Hood, some excellent songs, and the continued laughs that Laurel and Hardy create, along with Thelma Todd added to the cast for the sake of beauty, this show is enjoyable entertainment. "King of the Jungle" follows the "Tarzan" pattern, and Buster Crabbe, another noted swimmer, has the leading role of the untamed "Lion Man." Mr. Crabbe it seems has been reared by lions since babyhood, and one day he roams around the tropical countryside with his lion pals, he is captured and sold to a circus. He remains very wild until Frances Dee tames him in the best feminine manner.

CHICHESTER AND MILTON SHARE IN CAMERON ESTATE

New York, July 31 (Special)—Helen Schwarzwald of Chichester is listed as a beneficiary in the estate left by the late Amelia E. Cameron, a New York State Transfer Tax Department report indicated today. She is left \$5,000. A legacy of \$2,500 goes to Nellie Smith of Milton. The testatrix at her death on October 6, 1931, left holdings which were appraised here today at \$654,985 gross value, \$579,354 net. Her holdings consisted chiefly of stocks and bonds including W. L. Cameron Company stock. Relatives receive the bulk and various charities are left a total of \$72,252.

Harding Johnson and John S. Sickels are named executors.

PLAN CARNIVAL AT EDDYVILLE SATURDAY

Last Sunday at all the Masses at St. Joseph's Church announcement was made by Father Casack and his assistants that a carnival will be held Saturday evening in Eddyville for the benefit of Holy Name Church, Wilbur, and Sacred Heart Church, Eddyville.

Father Casack caused a smile when he told his people to burn up their money at the carnival that night and not on the roads. Father Burke was more serious and urged the people to attend this dance.

Mrs. Margaret Eddings

has purchased the interest of Maurice Van de Bogart in the Colonial Beauty Shop at 70 Main Street, and will personally conduct it hereafter. Associated with her will be Miss O'Connor formerly of the Artistic Beauty Shop. Mrs. Eddings thanks her patrons for past courtesies and solicits future patronage.

A Washington Daybook

By HERBERT PLUMMER

WASHINGTON—Political observers, despite the fact that the next session of congress is as far distant as January, already have begun to speculate as to what steps the democratic leadership in the house will take to weld itself into a more compact alignment.

That a crucial test is to come early in the session is a prediction heard of ten. Speaker Rayburn, Floor Leader Byrnes and others sign in the councils of the party had a comparatively early time of it in the special session. Party leadership came from the other end of Pennsylvania avenue in the person of the President himself.

This is perhaps no better illustration than what happened in the closing days of the session when the President's economy program was endangered by the rebellion on veterans' compensation. It was following a White House conference with house leaders that

They Had To Choose

The house reluctantly accepted the former alternative, but not without rumblings of discontent. Rayner succeeded in the special session and Byrnes became floor leader after a party battle that left scars. And almost immediately they were hurled into a swift-moving legislative drama that there was little opportunity or need for compact leadership.

In the first stages of the game, the democrats enthusiastically approved legislative procedure that had the effect of throttling debate and permitting legislation to be enacted often without so much as a charge of a word.

Looking Ahead

However, when the regular session convenes in January things are likely to be different. Permanent legislation then will be enacted. The magic word "emergency" which had so much to do with the success of the Roosevelt program in the special session is not expected to carry the same weight. It may require tact and skill on the part of the leaders to keep the house in line.

ANOTHER MEMBER LEARNS TO SWIM

Ralph Grothopp, who has been a member of the beginners' swimming class which is being conducted at the Y. M. C. A., passed the beginners' test Monday afternoon. The test consists of swimming 50 feet in deep water. This accomplishment passes Ralph on to the swimmers' group. The beginners' class is now reduced to three members. All the others have been passed to the swimmers' group. This means of course that it is possible for the instructor to give more attention to the individuals in that group. If there are others in the boys membership who cannot swim they are urged to join the beginners' class which meets on Monday and Thursday at 2:30 o'clock.

Low Tension Juices Dangerous
Low tension electric currents are the cause of many fatalities.

Bridges in Early Days

The settlers of the New World found need of bridges where there were no convenient fords. The Indian was still in the age of the bow and arrow, and only occasionally seen even that means. When he came to water he plunged in, pushing his bow and arrows on a log before him.

WEST HURLEY.

West Hurley, Aug. 2.—The annual chicken dinner and fair of the West Hurley M. E. Church will be held on Thursday, August 2. Dinner will be served at six and seven o'clock, daylight saving time. Menu includes chicken, mashed potatoes, biscuits, gravy, buttered peas, cabbage salad, cranberries, celery, pickles, coffee, tea, with dessert of cake and ice cream.

Mr. Shure and family, formerly of Yonkers, have moved in the bungalow on Walnut street recently purchased of John H. Saxe.

Dr. John M. Versteeg and family came to West Hurley early in July for the summer vacation, from Cincinnati, Ohio, where Dr. Versteeg is pastor of the Walnut Hills M. E. Church. After spending three weeks here Dr. Versteeg returned to Cincinnati, coming to West Hurley again, the last three weeks of August, and while here will occupy the pulpit of the West Hurley M. E. Church. The date will be announced later.

C. M. Twombly and family of Larchmont are spending the summer at their summer home in this place and have as their guest, Harry Barr, also of Larchmont.

Mr. and Mrs. Wallace Pinkerton and daughter Florence of Brooklyn are visiting Mr. and Mrs. D. A. Rooney. The company extends sympathy to the Pinkerton family on the sudden death of Wallace Pinkerton, Jr..

Mrs. John H. Saxe and daughters.

Carolyn and Evelyn, spent the weekend in the Adirondacks at Lake Placido.

**NEW PALTZ MAN IS
CANDIDATE FOR CORONER**

Lesion D. DuBois has announced to the committee men and delegates of Ulster that he is a candidate for the nomination for the office of Coroner of Ulster county. Mr. DuBois has been a resident of New Paltz village for 25 years, where he has established a reputation as a successful business man. His interest in community affairs, honesty in business relations, and genial disposition has called into existence a host

know of his aspiration for office.

Mr. DuBois is the Present Commander of the American Legion Post, 176, New Paltz, N. Y., and is active in the Grange. He will go to the County Convention on August 5 with the support of the delegates from the community who are all eager for his success.

The Stranger Returns
By MARY GRAHAM BONNER

When the guests at the party realized there was nothing to eat they cawed and quacked and barked and crowded and shouted:

"You're a greedy pair!"

"When I give

...a party it is a party," quacked Mrs. Quacko Duck, snapping up her parasol and waddling off angrily.

...they were grumbling they saw the same stranger who had troubled them before approaching Willy Nilly's house.

"Oh, dear, there's going to be more trouble," sighed Willy Nilly, as he hurried off with Rip beside him and

Miss Husband's Idea

Miss Mitchell's adulation of her husband is akin to that of Billie Burke for the late Florenz Ziegfeld. With either of them, a conversational reference to either showman inspires eulogies of their respective minuses.

It was he who convinced her that Billie who was good as an actress, a real field was writing.

"He made me write," she says, "starting me by letting me 'doctor' some of the plays he bought, and encouraging me constantly. Now I can cut plays rapidly. 'Waffles' I wrote in two weeks. Another I completed in six days."

Christopher Columbus Crow walking a little behind them.

Suddenly Willy Nilly exclaimed: "Oh, Rip, what an old forgetful creature I've been! Dear me, I do hope they don't find the paper. I remember now. The old man said he was hiding it under the ground in the cave."

"I did not realize that Christopher Columbus Crow was back of them, and now he flew away."

"I'm going to be of some help for a change," Christopher said to himself. "I'll find that paper and hide it so there won't be any danger of the stranger finding it."

He flew in front of the cave and said to the Bears:

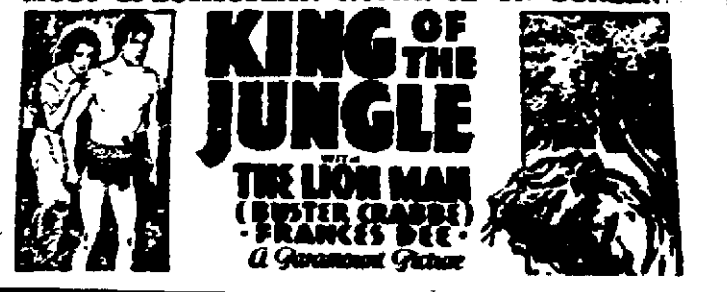

Theater Background
 As to her qualifications for pro-
 moting, Miss Mitchell can cite her
 theater background in the theater, al-
 most from childhood, and her activi-
 ties ranging from starring to accom-
 paning.

She believes a knowledge of the
 theater is a qualification enough for
 her office, that the really good pic-
 tures are "good theater," and that
 technical details incidental to pic-
 tures do not alter the case.

"I am frankly convinced," she
 says, "about one thing: I do know
 people and values. The people I
 like about are real and I am a
 judge of people. I have a good
 imagination, youthful and capable.
 Therefore believe in youth, and
 so I."

Financial and Commercial

New York, Aug. 2 (AP).—Security markets moved in apathetic indifference today and the best efforts of the more optimistic professional operators were unable to attract followings in most categories.

There was a mild continuation of yesterday's late rally in stocks, with some of the agricultural shares improving. The upswing was comparatively brief, however, and prices soon began to slip back to lower levels. As there was no vitality to the rise, neither was there any great pressure in most of the early reactions.

New York City Produce Market

Dressed poultry steady, unchanged.

Live poultry weak; express broilers, 10-19; other grades unchanged.

KELVINATOR COMPANY GIVES FINANCIAL REPORT

That the electric refrigeration industry has fulfilled the prediction made some time ago that it would be the leader in American industry's march back to prosperity, is indicated in the latest financial report of Kelvinator Corporation, received here today by John Van Benschoten, Inc.

Net income of \$1,414,564 after reserve for Federal income tax, was reported for the June quarter, according to figures received by the local dealers. This striking increase of earnings compares with \$730,002 for the corresponding period of 1932. Coincident with these developments, Kelvinator Corporation has entered wholeheartedly into co-operation with the government in the operation of the National Recovery Act by making on July 1 a 10 per cent increase in all salaries and wages. By increasing its summer sales activity, in an effort to keep the present sales volume up, and by reducing the working hours per week, the company also hopes to keep employment figures well above usual summer levels.

Loughran Appointed

Henry G. Meacham, grand lecturer of the grand lodge, F. & A. M. of the state of New York, has announced the appointment of Roger H. Loughran of Hurley as assistant grand lecturer for the Greene-Ulster Masonic District. Mr. Loughran is a past master of Kingston Lodge, No. 10.

Public Intoxication

James Madden, 48, of Long Island, was committed to the Ulster county jail Tuesday for ten days by Justice Carl H. Hergert. The charge was public intoxication.

Milk Strikers Calm for Today

(By The Associated Press)

New York's second milk strike within a year, described by Mayor John A. Warner, head of the state police, as "a direct challenge to the state" and "an attempt to black-bill the state milk control board" passed through the morning hours of its second day with comparative calm.

This was in contrast to hand-to-hand fighting on the first day in Oneida county, center of the disaffection, ending in the serious clubbing of eight strikers by troopers. One of the injured was reported in a critical condition.

An ultimatum from R. J. Clemons, executive secretary of the Rutland Cooperative Association, stating that its six thousand members would join the strike if the state milk control board did not change its attitude in 48 hours resulted in a hurry call for a meeting of that board by its chairman.

Amsterdam reported a milk shortage as a result of the campaign of strikers to keep their own milk at home and prevent others from putting theirs on the market. No other city reported a reduction of supply.

Milk was dumped at Funda and between Van Hornesville and Fort Plain.

Troopers massed at strategic points, ready with tear gas and riot clubs to prevent disorders.

Major Warner, after investigating protests that his troopers were "brutal" in handling the Oneida county situation yesterday, said they were "greatly padded."

About the Folks

Dr. H. L. Van Nostrand has returned home from a month's vacation and has resumed his practice at 172 Clinton avenue.

Raymond E. DuBois of the electric pump department of the Canfield Supply Company has returned after a motor trip to Quebec and other points of interest in the St. Lawrence valley.

Miss Blanche Hildebrand, instructor in the Newburgh High School, and Miss Jennie R. Hildebrand, piano teacher and counselor of the Kingston Junior Music Club, are attending New York University summer school in which Percy Grainger, composer and pianist, is giving master piano classes.

NEW CANADIAN LOAN ON LONDON MARKET

London, Aug. 2 (AP).—Optimistic expectations were borne out when the lists for the new Canadian loan of \$15,000,000 (currently \$65,500,000) were closed today directly after they had been opened. It was understood the first mail brought a substantial over-subscription.

This is the first Canadian loan on the London market in twenty years. The loan is in four per cent bonds, sold at par and with no discount for cash, in twenty and twenty-five year issues. The proceeds will not go outside the empire, but it is understood they will be used to pay unconverted victory bonds of 5 1/2 per cent redeemable this fall.

TROTSKY FAILS TO GET SUPPORT OF LITVINOFF

Paris, Aug. 2 (AP).—Leon Trotsky was reported today to have failed in a desperate effort to get the Soviet foreign commissar, Maxim Litvinoff, to help him return to Moscow.

The exiled Russian revolutionary, who is sojourning with Mme. Trotsky near Royat, France, was said to have sent representatives to the commissar at Royat, asking Litvinoff to intercede in Trotsky's behalf.

Litvinoff, reports said, refused to help him.

MRS. ROOSEVELT VISITED FRIENDS AT SHANLEY HOTEL

Mrs. Franklin D. Roosevelt drove to Napanoch Tuesday, accompanied by a friend and spent some time at the Shanley Hotel. Mrs. Roosevelt came to call on Mr. and Mrs. Earl Miller, guests at the hotel. The Millers were married last fall at the Roosevelt home at Hyde Park.

Find Mineral Resembling Gold

Shokan, Aug. 2.—Workmen engaged in digging a well at the residence of Burth Wheat in the west end of the village last week came upon a vein of quartz bearing a mineral resembling gold. Mr. Wheat has sent some samples of the quartz away to be assayed. Thus far, however, no one has thrown up his job—if he has one—to start prospecting, as "near gold" or iron pyrites has been discovered here upon several different occasions during the past hundred years.

Reservoir a Popular Place

Shokan, Aug. 2.—The sator of the reservoir, functioning over the week-end, much to the delight of the hundreds of persons who had come to the park to seek relief from the scorching heat. Scores of picnics were held in the cool air of the park while seated beneath the evergreen trees of that beauty spot. The water pool was thronged with bathers, at least 200 persons being there at one time during the afternoon.

Train Rider in Jail

Stanley Skibo, 41, of New York city, is spending five days in the county jail. He was committed Tuesday by Justice H. E. McKenzie on a charge of train riding.

West Hurley Chicken Supper

Many from Kingston are planning to visit West Hurley Thursday evening to take advantage of the chicken supper to be served by the ladies of the West Hurley Methodist Church.

POULTRY

NOT ALL EGGS ARE CLASSED GRADE "A"

Quality Changes Rapidly to Still Lower Type

An egg is never better or fresher than when it is first laid, but not all eggs are grade A when they are laid, according to Prof. H. E. Bosford of the New York State College of Agriculture. One hen may lay grade B eggs consistently while another may lay grade A eggs. An egg may mature, he explains, and be ready to be laid just after the bird has gone to roost in the evening and be held in the hen's body until the following morning. Several hours at a temperature of 105 to 107 degrees Fahrenheit may change the quality a grade or more.

Regardless of the quality of an egg when it is laid, this quality changes rapidly toward a still lower grade, unless something is done to check the move. Eggs are like milk in perishability, except that they do not go bad so quickly. The changes in eggs are different and just as important to quality. Low temperatures are important to holding quality in both eggs and milk.

Frequent gathering and storage in a cool place help to keep egg quality high, he says. And then, if the eggs are shipped at least twice a week, the quality of the pack is more likely to be high-grade. If the poultryman has enough eggs for twice-a-week shipping, it will pay to sort the eggs according to size and interior quality, and to pack each size in strong, clean cases with clean flats and fillers.

Free Choice of Grain and Mash Is Good Plan

Giving poultry on range free choice of grain and mash is a good practice, according to C. M. Ferguson, specialist in poultry for the agricultural extension service at the Ohio State university.

"Here at the University farm," he says, "we have been carrying our poultry on an all-mash ration containing 10 per cent dried milk and 8 per cent meat scrap until they are from twelve to fourteen weeks old. At that time we have been reducing the milk to 4 per cent, leaving 8 per cent meat scrap in the ration and continuing to use an all-mash feed. This method has given us very satisfactory results but may not be applicable to all farm conditions, particularly farms producing their own grains."

If the poultryman has his own corn and wheat, the ration could be left unchanged and the poultry given free choice of a grain mixture of wheat and corn in addition to their mash containing 10 per cent milk and 8 per cent meat scrap. This method of feeding is gaining considerable prominence even for laying flocks.

At the present price of milk, Ferguson points out, many farmers are turning to the use of the skimmed produce as a means of saving some cash outlay for protein concentrates.

Poultry Hints

The first competitive poultry show was held at Worcester in 1865.

If grain is fed at all, it should be fed in troughs where it can be kept in sanitary condition until eaten.

For the fourth successive year Ohio turkey raisers are increasing production, according to reports to county agricultural agents.

Vaccination for the prevention of fowl pox should be done when Leghorns are ten to twelve weeks old, and when the heavy breeds are sixteen weeks old.

Out huts have come into new use as a litter for chicks and laying hens. Light and fluffy, they allow droppings to work through to the floor, keeping clean on top where the birds tread.

Door mats for hens, if you please. They are nothing more nor less than troughs filled with gypsum, placed in front of the door and kept, to keep the hen's feet clean and prevent soiling the eggs.

A pullet can withstand a range in temperature from nearly zero to about 100 degrees Fahrenheit.

Where turkeys are confined throughout their growth, it takes about 42 pounds of feed to grow a pound of turkey, live weight.

A duck that lays black eggs is owned by Alex Christian, owner of a large poultry yard at Wellston, Ohio. The eggs are perfectly shaped and ordinary in other respects.

The first poultry show in America was held in a tent on the present site of the Public Garden, Boston, in 1849.

Roasting birds are healthier and have more vitality and the breeding stock should be allowed to range at will unless the weather is raw and blustery.

Within six years the number of eggs exported by Australia has increased from 1,000,000 dozen to 16,700,000 dozen, and a report to a conference at Melbourne of the egg producers council.

Widest Owl

The barrel owl generally is credited with being one of the widest of the entire owl family, and consequently has earned for itself the name of "barrel" owl. It may be found at all seasons in some sections, but is more numerous in spring and fall.

UNIVERSITY PLAYERS PRESENT COMEDY AT EVENING

The University Players will again prove their versatility by giving a play this week, as totally different from their last week's hit "Candlelight," as it is possible to do, by offering "Whispering in the Dark." "Whispering in the Dark" is an underworld comedy, with most of the underworld taken out and good lines put in—plus much good comedy and tense moments. Every member of this popular cast will appear in the cast with the leads going to Griston Cunningham and M. Grace Bae. A guest artist from New York, Frank Collins, has been brought to Elverhoj to play the role of the gang leader, Jack Dillon, and he promises to be a happy addition to the group at his background and exceptionally good. Erving Kennedy, who hasn't had much of role since his hilarious performance in "Up Pops the Devil," will be back on the stage in a suitable part.

CREEK LOCKS

Creek Locks, Aug. 3.—Mrs. Ella Hahn and son, Oscar, were guests of Mrs. Hiram Clearwater of Kingston Thursday.

Mrs. Anthony Steiner and Mrs. William Geringer called on Mrs. John Yonnett of Bloomington Tuesday.

Mrs. John Yonnett and daughter, Miss Mary, of Bloomington, spent Thursday with her daughter, Mrs. Thomas Graham.

Miss Elsie Taylor of Bloomington was a business caller in this place Friday.

Anthony Steiner came on Friday to spend the week-end with his family. Mr. and Mrs. Wilson Le Fèvre and daughter, Nancy, are spending some time with Mr. and Mrs. Edwin LeFevre.

Anthony Steiner of New York city spent the week-end with his family. Miss Elsie Taylor was a business caller in this place Saturday.

Carl Siebenhaar of Kingston called on the Leim family recently.

Mr. and Mrs. Walter Williams, daughter, Dorothy, of Hoboken, N. J., Miss Nellie Coutant, Helen, Virginia, Dolores, Richard and James, Countess, Mrs. John Coutant and daughter, Margie, attended a wienner roast at Le Ferre Falls one day last week.

Mr. and Mrs. William McDonald and children of Osmaring are spending their vacation with Mrs. McDonald's mother, Mrs. Elizabeth Lowery.

Mrs. Martha Weimar and Mrs. Emma Hasford enjoyed a trip to the Ashokan dam Saturday and on Monday paid a visit to the old Senate House.

Mr. and Mrs. J. Daly and daughters, Virginia and Ruth, left on Sunday to spend a few days in New York city.

Mr. and Mrs. John Koenig of Tottenville, S. I., Mrs. M. Dorsey and Mrs. M. Allen of Hoboken, N. J., spent the week-end with Mrs. Anna Graham.

Mrs. William Gehring is spending a few days at her home in Ridgewood, Brooklyn.

William Perrett of Sunnyside, L. I., is spending three weeks' vacation at the Perrett summer home.

Dr. John Preston, formerly of this place, Mrs. McDonald and Mrs. Trenahan of Edenville motored through this place Tuesday.

Mrs. Richard Sagar gave a birthday party in honor of her little ward, Connie Auchmoody's fifth birthday on July 31. The little guests entertained with songs and recitations. Refreshments were served on the lawn. Those present were Mrs. Dorothy Steiner, George Sagar, Andrew and Wallace Auchmoody, Mrs. George Sagar, Mrs. Harriette Sagar, Mrs. Martha Weimar, Miss Cornelia Mohr of Florida, Lillian and Warren Nelson of Poughkeepsie and Mrs. Emma Hasford of Brooklyn. All enjoyed themselves and wished him many more happy returns.

Mrs. Emma Hasford, who was a guest of Mrs. Martha Weimar for the past week, returned to her home in Sumpter Heights, Brooklyn, on Wednesday.

Our Growing Population

The following births have been reported to the board of health:

Mr. and Mrs. George E. Kline 147 Hasbrouck avenue, a daughter, Elizabeth Ann, July 22. Dr. G. W. Ross was the attending physician.

Mr. and Mrs. William Rugar, 19 Burnett street, a son, Roland Clair, July 20. Dr. G. W. Ross was the attending physician.

Mr. and Mrs. Rudolph Tressaloni, 37 Hanratty street, a daughter, Gloria, July 28, at the Benedictine Hospital. Dr. Emil Goodyear was the attending physician.

Two Get Five Days Each

Two law violators faced Judge Bernard A. Culliton in city court this morning and each was sentenced to five days in the Ulster county jail. They were Jack Murphy of New York city arrested Tuesday for disorderly conduct by Patrolman Guernsey Burger and Lorenzo Raggers, an Italian, arrested by Railroad Detective Homer Goodsell for train riding.

To Hold Annual Picnic

The Women's Home and Foreign Missionary Society of the Franklin Street A. M. E. Zion Church will hold its annual picnic August 17 at Forarth Park, starting at noon.

Rural Free Delivery

Rural free delivery was first suggested by Postmaster General Wadsworth in 1891, but it was two years before the consent of congress was obtained for three experimental routes which were placed in operation in 1893 in West Virginia. Nine months later there were 22 routes in operation in 29 states.

The Perfect Girl

Through the bureau of standards, recently released the dimensions of the so-called perfect girl. There are: Height, 5 feet 6 inches; weight, 121 pounds (which seems pretty light, if you should ask a medical man); neck, 22 1/2 inches; bust, 35 1/2 inches; waist, 25 1/2 inches; and hips, 36 inches.

Local Death Record

New Paltz, Aug. 2.—The funeral of Joseph Riley, who died in the Kingston Hospital Friday night, was held at the funeral parlors of Vandervort, Pine on Monday, July 31. Burial was in East Park cemetery.

Katherine C. Haines, infant daughter of Mr. and Mrs. Cecil Haines, of 194 Wilbur avenue died Tuesday morning, August 1, aged six months. Funeral will be held from the H. B. Humiston funeral parlors in Kerhonkson Thursday morning at 10 o'clock. Interment will be in Fairview Cemetery, Stone Ridge.

Miss Ida Krom died Monday, July 31, at the home of her sister, Mrs. Clarence Mertine, in Tilton. She was in the 52nd year of her age. Funeral will be held Thursday afternoon, August 3, at 2 o'clock from the H. B. Humiston funeral parlors in Kerhonkson. Interment will be in Sand Hill Cemetery, near Kerhonkson.

The funeral of Anna E. Temple was held at the Free Methodist Church this afternoon with the Rev. A. B. Collier in charge. The church was well filled with the many friends of Mrs. Temple. The flowers covered the casket and were silent tokens from her friends and family. The minister spoke very feelingly of the wonderful life of the deceased and her goodness as a mother and a church member. The bearers were members of the family. The interment was in Montrose Cemetery.

Lillian Shultis Huhne, widow of Dr. John A. Huhne, died at the Kingston Hospital last evening after a brief illness. Her death came very suddenly, and was a shock to her host of friends and relatives. Mrs. Huhne was a member of the Round Presbyterian Church, and was a real worker in all the church work. She was also a very active member of the Kingston Chapter, O. E. S. No. 155, having passed through all the chairs and was a past worthy matron and past district deputy grand matron. She was also a member of the Amaranth, No. 62, Order of the Amaranth. A past matron and past district deputy grand royal matron of the Mystic Court, also a member of Judea Shrine, No. 12, Order of the White Shrine of Jerusalem, and a member of the finance committee. Eastern Star services will be held at the home Thursday evening at 8 o'clock. Her funeral will be held at the funeral home on Friday at 2:30 p. m. She is survived by her daughter, Dorothy L. Huhne, of Spring Valley and Kingston; two sisters, Mrs. Ervord L. Short of Wittenberg; and Mrs. Irvin W. Satterle of Kingston; three brothers, William K., Oakley N., and Bert G. Shultis, all of Wittenberg.

Elmore DeWitt, who was born and brought up in Ulster county, died in his home at Jersey City, N. J., on Monday, July 31, after a long illness. Mr. DeWitt was a son of the late Rev. Richard DeWitt and Katharine Hammond DeWitt. He prepared for college at the old New Paltz Academy, at New Paltz, Ulster county, and graduated from Rutgers College in 1886. He was a civil engineer by profession. His first work after graduation for college was making a survey in the Delaware Water Gap. He next worked with Laurence Van Etten, who at that time was city engineer of New Rochelle. From there he went to Fond du Lac, Wisconsin, where he was city engineer for several years. Leaving Fond du Lac, he was next employed by the Pennsylvania Steel Company as an assistant department manager. When the Pennsylvania Steel Company was merged with the Bethlehem Steel Company, Mr. DeWitt went with said company and continued with it until he retired about two years ago. He married Catharine E. Johnson of New Brunswick, N. J., on October 21, 1891. Mr. DeWitt, who was 68 years old at the time of his death, is survived by his wife, Catharine E. Johnson; three daughters, Catharine Hall, Esther and Sarah, and two sons, Elmore Johnson and Richard; also by one sister, Mary E. DeWitt, of New Rochelle, and two brothers, John Ten Eyck DeWitt, of Oradell, N. J., and Henry R. DeWitt of Kingston.

EXCURSION TO ROXBURY IN 1894 A GREAT EVENT

Shokan, Aug. 2.—On Thursday, August 2, 1894, the members of the Shokan Reformed Church Sunday school and their friends and neighbors enjoyed an excursion to Roxbury, where they spent the day in seeing the sights of that picturesque Delaware county village. The trip was made, according to the custom in those days, on the Ulster & Delaware railroad, a special train being chartered for the purpose. Cold drinks, watermelon and other refreshments were on sale in the baggage coach and there was much visiting back and forth throughout the train. It was not an infrequent occurrence on these excursions, for a few kindred souls, perennial sufferers from drought conditions in nominally dry Ulster, to imbibe too freely of Delaware apple jack or some equally potent beverage, with the result that their carefree voices, raised in song, vied with the roar of the train as it sped down the valley on its return trip. These outings constituted a red-letter day in the lives of up-country folks, to many of whom a long ride on the cars was in the nature of a rare treat, a big cluder or two, of typical U. & D. size, in the eye notwithstanding.

FEWER DIVIDEND CUTS AND OMISSIONS IN JULY

New York, August 2 (AP).—Dividend cuts and omissions in July were fewer than in any month since August 1930, the Standard Statistics Co. reported today.

Unfavorable changes totaled 37 compared with 146 in June and 256 in July, 1932. There were 71 favorable revisions against 82 in the previous month and 24 in the same period last year. For the first seven months unfavorable action numbered 1,208 against 1,179 in the three period last year.

Society Notes

Announcement Engagements

Shady, Aug. 2.—Mr. and Mrs. Charles S. Reynolds announce the engagement of their daughter, Margaret H., to George C. Millard of Poughkeepsie.

Times-Forum

Joseph Tiano and Rose Ferraro were united in marriage by Justice Minard Elmendorf at Hurley, August 1. They were attended by Mr. and Mrs. Frank Russo. Mr. and Mrs. Tiano will reside in Kingston.

DePuy-Archambault

New Paltz, Aug. 2.—Harriet Mary Archambault and Russell DePuy, both of New Paltz were married Saturday evening in Poughkeepsie at Trinity Methodist Church parsonage by the Rev. George Peare. They were attended by Mr. and Mrs. Philip E. DePuy of Poughkeepsie. The newlyweds will reside in New Paltz.

Saugerties Man to Marry

New York, Aug. 1. (Special).—The marriage of Carl Kritzler, 25 1/2 First street, Saugerties, to Miss Kathi Wren, 26, of 193 Park avenue, New York, will take place here August 4 in the City Chapel with Deputy City Clerk Philip A. Hines officiating. They procured a license to marry today in the Marriage Bureau. Mr. Kritzler and his bride were both born in Germany. He is the son of Carl and Marie Schellenberger Kritzler. Miss Wren is the daughter of Josef and Anna Schroers Wren.

A Surprise Shower

A surprise miscellaneous shower was given Miss Florence Walker at her home in Sleightburgh on Friday evening in honor of her approaching marriage to Edward Drake. The guests were delightfully entertained by Josephine Booth and Dorothy Van Aken with several songs and dance numbers. Dancing was enjoyed by all. Later in the evening a delicious luncheon was served. Those present were Beatrice Reynolds, Evelyn Douglas, Emma Herlicka, Dorothy Van Aken, Frieda Kendricka, Catherine Herlicka, Edith Carney, Emma Schults, Marge Smith, Edna Ferraro, Priscilla Nerlie, Josephine Booth, Helen McAndrew, Beate Bechtold, Catherine Pieper, Ida Tenpening, Ruth Schmidt, Beatrice Bulley, Alice Cashdollar, Annette Murdock, Eva Mae Smith, Angeline Ferraro, Marge Bechtold, Edna Taylor, Ruth E. Smith, Florence Walker, Mrs. Drake, Mrs. Schmutz, Mrs. Walker, Mrs. Smith, Edward Drake at a late hour all departed, wishing the bride to be much happiness.

THE JOINERS

News of Interest to Members of Fraternal Societies

Camp No. 30 P. O. of A. will meet tonight at 8 o'clock in Mechanics Hall.

There will be a bus chartered by Catskill Chapter, O. E. S. to make the trip to Oriskany Saturday, August 5. Members of the order of the Eastern Star who wish to make the pilgrimage to Oriskany on Saturday are cordially invited to avail themselves of this means of transportation. For details members may telephone R. W. Marguerite Lenck, Tel. 3343, Kingston.

High Water Mark in Strides

The number of strikes in the United States reached its high water mark in 1917.

DIED

BALLARD.—At Glenorie, N. Y., August 1, 1933, John L. Ballard, Funeral at the residence of his daughter, Mrs. Mason E. Shultis, No. 5 Clinton avenue, this city, on Thursday at 3 p. m. Relatives and friends are invited. Interment in the Wiltwyck Cemetery.

DE WITT.—At Jersey City, N. J., July 31, 1933, Elmore DeWitt, brother of Henry R. DeWitt, of Kingston, N. Y.

Funeral on Wednesday at his late residence in Jersey City, N. J., interment in Wiltwyck Cemetery, at Kingston, N. Y., on Thursday, August 3rd, at 11 a. m.

HUHNE.—In this city, August 1, 1933, Lillian Shultis, widow of Dr. John A. Huhne. Funeral at the home, 22 Abel street, Friday at 2:30 p. m. Relatives and friends invited. Interment in Montrose Cemetery.

Members of Kingston Chapter No. 153, O. E. S., Attention.

All officers and members of Kingston Chapter No. 153, O. E. S., are requested to attend the ritualistic funeral services of our late sister, Lillian B. Huhne, on Thursday evening, August 3, at 8 o'clock, from her late residence, 22 Abel street.

Signed,

KITTIE BUDINGTON, Worthy Matron.

ELIZABETH TERWILLIGER, Secretary.

Funeral Notice

Members of Judea Shrine No. 15 are requested to meet at the corner of Abel and Wurt streets, at 7:45 p. m., Thursday, to attend the funeral of our late sojourner, Lillian Huhne.

Signed,

MATIE M. NANN, Worthy High Priestess.

ETHEL M. JONES, Worthy Scribe.

Schryvers Defeat Dairymen, 8-3, for Sixth Straight Win

The Schryver Lumbermen stretched their winning streak to six straight and strengthened their hold on first place in the second half of the City League when they trimmed the Clow Dairymen by a score of 8 to 3 at the Athletic Field Tuesday evening. In order to clinch the second half championship they still need two wins.

The Lumbermen didn't win without a struggle as they went scoreless for two innings and were trailing by three runs when they came to bat in the third inning. But in this frame a home run by Dewey Van Haren, Schryver's pitcher, started them on a winning rally.

"Fucker" Davis, Dairymen's hurler, seemed to be disconcerted by Van Haren's blow and allowed three more hits in the same frame. In all Davis was found for 11 safeties.

Besides the circuit clot Van Haren did a good job on the mound after a poor start. His hits were made off his delivery, three coming in the first inning and the other three in the third.

There were two outs when the Dairymen got their first run in the first inning. Carr, Didak and Stumpf hit successive singles to score the run. Singles by Didak and Williams and a triple by Stumpf gave the Dairymen their other two runs in the third.

After Van Haren's homer in the third chucker Petersen and Niles hit successive singles to right field and Tiano drew a pass to fill the bases. Robins drove in Petersen and Niles with a single to left field and Tiano scored on Feldmesser's error of Glaser's grounder. Slover, running for Robins, also scored on the play to make the score 5-3.

Another rally in the fifth, climaxed by a triple by Jansen, netted the Lumbermen three more runs. Tiano, Robins and Glaser hit singles during the attack.

SIDELINERS

Marty Carr made the prize play of the game in the third. He jumped into the air to grab Carpenter's fly and rob him of a hit.

It looks very much like the Lumbermen will oppose the Repealers, champions of the first half, in the series.

Feldmesser made a good stop of Glaser's grounder in the third only to toss it away.

The box score:

	Clows	AB.	R.	H.	P.	O.	E.

Repealers	4	3	.571
Gardners	3	3	.500
Clows	3	4	.423
Van Etten & Hogans	1	3	.250
Herzogs	1	5	.167

Herzog's Hardwarren and Van Etten & Hogans' Trunkers will meet at the Athletic Field this evening. Ed Flemming and Joe Messinger will form the Hardwarren's battery. Johnny Cullen and Bill Messinger will do the honors for the Trunkers.

Port Ewen Plays Jackson Antlers

Friday night on the Hercules diamond the Port Ewen Firemen will lock antlers with the Jackson Antlers, and the latter will try to even the score since Port defeated them earlier in the season. Mack McKenzie, an old time mountaineer, will do the pitching for the Firemen.

Port Here Sunday

Sunday afternoon the Pan Am diamond on the Saenger's road will be a scene of something new and novel, when the Port Ewen Firemen come over with their bats and balls and drum corps in tow. The Firemen's opponent will be the Crystal Garden representatives and Joe Messinger, Port's hurler, will have his best set of shots and curves on hand that afternoon. This is the first time the teams have met and Port Ewen is hoping to take the first half game. The drum corps will drill and play for the fans. This performance will start at 2:30 and a large crowd is expected to witness the novelty.

Tagging Major League Bases

By HUGH S. FULLERTON, Jr.
(Associated Press Sports Writer)

Carl Hubbell held a new National League shutout record today but his five-game winning streak had come to an end and as a result the New York Giants' lead over the onrushing Pittsburgh Pirates had shrunk alarmingly.

Starting with 40-1-3 consecutive shutout innings behind him, Hubbell went on yesterday until he had cracked Ed Reulbach's 25 year old National League record of 44. Then the heat and the Boston Braves' batters got him in the sixth; Boston scored two runs to end the streak at 46 innings and went on to beat the Giants 3 to 1. The defeat, with Pittsburgh's 9-3 slaughter of the St. Louis Cardinals, cut the Giants' lead to 2 1/2 games.

Hubbell was in his best form at the start, giving only two hits up to the sixth. Then Bill Urbanaki, Buck Jordan and Randy Moore smacked him for singles that scored two runs, ruined Hubbell's streak and won the ball game. Huck Betts went the route for the Braves.

Reulbach's old record, which had stood since 1908, included the Cub pitcher's great feat of blanking Brooklyn twice in one day. The major league mark of 56 innings was made by Walter Johnson in 1913. The Pirates hardly needed more than the first inning to chalk up their eighth straight victory as they assaulted Bill Walker for five runs. They went on and hit Dazzy Vance hard and round up with a little impromptu fast throwing between Steve Swetonic and George Watkins as the result of Swetonic's hitting Leo Durocher with a pitch ball in the seventh. It lasted just long enough for them to be chased from the game.

The Cardinals skidded into fourth place again as the Chicago Cubs broke a six game losing streak with a 3-1 victory over the Cincinnati Reds. Pat Malone held the Reds to five hits while the Cubs bunched five hits for all their runs in the third.

In the only American League game, the Cleveland Indians slid off into a fourth place tie with Detroit's Tigers as the Browns rapped Monte Pearson in the early innings and coasted to a 5-2 victory behind Sam Gray's fine pitching.

FIGHTS LAST NIGHT.

(By The Associated Press)

Chicago—Bill Leonard, 160, East Moline, Ill., knocked out Joe Reardon, 157 1/2, Detroit, (1); Carlos Herrera, 138, El Paso, Tex., stopped Nick Stronidis, 135, East Moline, (4); Jackie Sharkey, 127, Minneapolis, knocked out John Dietrich, 127, Grand Rapids, Mich., (1).

Laurel, Md.—Perry Knowls, 128, Tampa, Fla., outpointed Jimmy Trambler, 129, Baltimore, (8); Roy Bailey, 156, Adele, Ga., outpointed Henry Irving, 160, Washington, D. C., (8).

Des Moines—Sammy Musco, 119, outpointed Wynn Sweeney, 122, Cherokee Indian, (6); Jess Ackerman, 132, Des Moines, outpointed Billy Love, 136, Omaha, (6); Steve Cronin, 139, Des Moines, outpointed Jim Constance, 142, Fort Dodge.

Covington, Ky.—Art Schultz, 125, Covington, outpointed Jess Freeman, 124, Kansas City, (10); Skeets Weems, 119, Kansas City, outpointed Joe Apperson, 125, Cartersville, Ga., (6).

KINGSTON TROJANS PLAY

HIGHLAND A. C. TONIGHT

The Kingston Trojans have one of the toughest games of their season on hand tonight at Highland when they will take the diamond against the strong Highland A. C. team that has won from some of the best clubs in this section. Uhl and McElrath will make up the battery for the Trojans. The game will start at 6:15 o'clock.

SPORT SLANTS By ALAN J. GOULD (Associated Press Sports Editor.)

The best evidence I have seen so far that American track and field followers are not yet ready for the use of the metric system of measurement is the reaction to the now historic record-breaking mile duel between Jack Lovelock and Bill Bonthron at Princeton.

The performance of these two young collegians aroused the interest of the entire foot-racing world, especially in the English-speaking nations which still regard the 100-yard dash and the one mile run as the classic competitive distances, not the 100 meters or the 1,500 meter run.

Thousands who do not follow track sports with an expert or fanatical eye still could appreciate what it meant for these two boys to do 4:07.6 and 4:08.7, respectively, for the mile. They got a real thrill out of the achievement. Memories of other great milers flashed forth again and the ability to make detailed comparisons enlivened the aftermath of another foot-race of the ages.

Who Would Care?
How much commotion and popular interest do you think would have been aroused if, instead of negotiating the mile in the times they did, Lovelock and Bonthron had covered 1,500 meters in 3:47.6 and 3:48.7? These times, comparatively, would be just as spectacular from the foot-racing standpoint. Both would be under the world 1,500 meter record, but beyond a temporary headline of recognition, do you think sports followers and editors would become especially excited?

You and I know they wouldn't, for the simple reasons that tradition still is one of the strongest of all factors in sport, that the customs of generations cannot be easily tossed aside and that the American mind still thinks in terms of inches, feet and yards, not in centimeters and meters.

With the metric system now in vogue with the National A. A. U. and the Intercollegiate A. A. A. U., Bonthron will not have another chance to run the mile in competition next year, unless special indoor or outdoor races are arranged for his and other stars' benefit.

Such arrangements are not, of course, difficult to make, but the point is that Bonthron might have to run the 800 and 1,500 meters for Princeton on a day when he had a record half mile or mile in his system.

Ferris Has His Doubts.
"There has already been much agitation against the newly established metric system," admits Dan Ferris, generalissimo of the A. A. U. in New York. "There are two sides to the issue and I agree with you that the Lovelock-Bonthron race furnishes a real argument for our old and time-honored standards of measurement."

"The track coaches have already expressed themselves in opposition to meters in no uncertain terms, as you know. They feel we are tossing too much overboard and that the country in general and track followers in particular are not ready for the metric system. Maybe they are right, although I feel we have not yet had a fully satisfactory test of the use of meters."

Rondout Social Club

Plays Senecas Sunday

The North Rondout Social Club with four consecutive victories under its belt will work for its fifth Sunday afternoon at Haskins Park when it meets the Kingston Senecas. The Rondouts will use their big pitcher, Ed Baker, and Joe Gardner will catch, while the Senecas will have Cullen on the mound and Messinger receiving.

Major League LEADERS

(Including yesterday's games)
(By The Associated Press)

National League.

Batting—Klein, Phillies, .350.

Stolen bases—Chapman, Yankees, 18; Walker, Tigers, 17.
Pitching—Van Atta and Allen, Yankees, 9-3.

Vines Says English Too Good for Them

New York, Aug. 2 (AP)—America's returning Davis cup players place the blame for their defeat by Great Britain in the Interzone finals squarely on the shoulders of Fred Perry and Bunny Austin, England's singles ace.

"We were in good condition," said Ellsworth Vines as the team arrived from Europe yesterday, "but the Englishmen were just too good. What are you going to do when an opponent makes just one error against you in two sets? That's what Austin did when he played me."

And Wilmer Allison agreed. "From where I was standing and I was standing fairly close, I'd say Perry and Austin were just playing too well," the Texan remarked.

Vines did think that he and Allison were "over-tensioned mentally" not physically by their long tour last winter in Australia and also said the slow French courts and the slow ball "killed our speed."

None of the players thought Mercer Deasey, well-known coach who acted as unofficial adviser, had anything to do with the defeat.

Shields Hits Peak In Tennis Tourney

Southampton, N. Y., Aug. 2. (AP)—Back on his game once more, Big Frank Shields appeared today to be the man to beat for the single championship of the Meadow Club's 43rd annual invitation tennis tournament.

The 22-year-old New Yorker apparently has struck his real stride in the last two weeks, winning the Crescent-Hamilton invitation title and the Seabright bowl in succession, but he reserved his finest display of tennis for the second round of the Meadow Club tournament yesterday.

Pitted against Herbert L. Bowman, Shields swept through the veteran without the loss of a game. It was the first time in Bowman's long tournament experience that he had failed to win at least one game.

Tennis Tournament At Woodstock Club

A mixed doubles tennis tournament will be held on the courts of the Woodstock Country Club, Saturday and Sunday, August 5 and 6. Prizes will be awarded to the winners.

Entries should be in by Friday morning, August 4 by 10 o'clock, but late comers will be fitted in if possible.

Play will start at 10 a. m. on Saturday, but if it should rain at the same time Sunday.

Yesterday's STARS

(By The Associated Press)

Randy Moore, Braves—Led attack on Giants with three hits; drove in winning runs.
Pat Malone, Cubs—Held Reds to five hits.
Gus Suhr, Pirates—Clouted triple and two singles against Cardinals.
Carl Reynolds, Browns—Rapped Cleveland pitching for three hits.

Sportsmen Have Pheasant Farm

All local sportsmen will be greatly interested in the phenomenal success of the Ulster County Fish and Game Protective Association in raising and liberating pheasants this season.

For a number of years past, pheasant eggs have been distributed by the New York State Conservation Department to different sportsmen's organizations and to individual interested sportsmen throughout the state, these eggs being hatched under domestic hens and the chicks liberated when old enough to care for themselves. This plan worked fairly well but had a number of disadvantages, for the eggs so supplied often failed of hatching through improper attention and even when hatched, the percentage of mortality among the chicks was generally very high due to lack of knowledge of proper care and also from disease contracted from domestic poultry, as young pheasants seem to be particularly susceptible to these diseases.

Three years the Hon. Henry Morgenthau, Jr., then commissioner for Conservation of the State of New York, developed a plan by which a large proportion of these pheasant eggs were turned over to the boys and girls of the "4-H Clubs" of the state to be hatched under hens in the usual manner, but with carefully detailed instructions as to hatching, care, disease prevention, etc., the boys and girls who entered the work to be paid for each pheasant they raised to maturity. This plan was an undoubted improvement on the one formerly in effect as proven by the results obtained, since the boys and girls gave far more time to the work than could be expected from any busy farmer and this resulted in a far higher percentage of birds raised from a given number of eggs.

However, experiments had been carried on for some time at the different state game farms, notably at Cornell University, in an effort to perfect a plan under which the pheasant eggs should be hatched by artificial incubation at the game farms and distributed as day old chicks to sportsmen's clubs equipped to rear them in mechanical brooders to the proper age for release.

It was soon discovered that the ordinary methods of mechanical incubation as applied to domestic poultry resulted in pheasant chicks which lacked the necessary vitality and it was not until last year that the men in charge of these experiments felt that sufficient progress had been made to give the newly devised methods the acid test of an actual "field trial."

Early in 1932 the Ulster County Fish and Game Protective Association was invited by the New York State Conservation Department to be one of the very few sportsmen's clubs in the state to participate in the actual rearing of pheasant chicks produced by the new process and this is an honor of which the local association has always been justly proud.

Their participation required a heavy expense for brooder houses, brooders, labor, large pens of small mesh wire, special feed, etc., but the results attained were well worth the outlay, for a high percentage of the chicks received were reared into unusually strong and vigorous birds which were released into the unprotected covers of the country.

This year the work has been carried on by more clubs as the result of last year's experimental work were more than satisfactory. The local association has enlarged and improved their "pheasant farm" and has undertaken to raise twice as many pheasants as were received in 1932.

The first shipment of 100 day old pheasant chicks was received by the Ulster County Fish and Game Protective Association on the first day of June and immediately transferred to the "pheasant farm" where everything had been put in readiness for them.

Of the total 100 chicks received, 93 were released into unprotected covers on July 28 by Field Superintendent Raymond F. Canitz and his assistants, having been raised to the age of eight weeks, which is the age recommended for release. Fully as remarkable as the huge percentage of successful rearing was the fact that the eight week old birds appeared to be older than they actually were, being particularly strong and vigorous and abundantly able to take care of themselves in the open. Of the seven chicks lost during the rearing period, three died of disease or weakness, two were burned to death by getting inside the burner of the oil-burning brooder, and the other two were stepped on in the excitement of trying to rescue the chicks from the burner.

Too much credit for this phenomenal record cannot be given to the superintendent of the pheasant farm, Vernon Felton of Ruby, who has literally "sat up nights" with these pheasants, and to whose intelligent care and constant attention this surprising and pleasing result is entirely due. The Ulster County Fish and Game Association, and the sportsmen of Kingston and vicinity owe a heavy debt to Mr. Felton which is gratefully acknowledged.

The 93 pheasants released last Friday were liberated in carefully chosen covers of unposted ground near Legg's Mills, along the "Neighborhood Road," on Lucas avenue extension, near High Falls and in the vicinity of Stone Ridge. No large number of birds were liberated in any spot, a determined effort being made to scatter the pheasants over as large a territory as possible which is in accordance with the instructions for liberation supplied by the Conservation Department.

Another shipment of 100 day old pheasants is to be received on August 1, and the pheasant farm is now being thoroughly prepared for the new arrivals. Visitors are always welcome outside of the farm which is situated on the farm of the superintendent, Mr. Felton, but it is inadvisable for visitors to make a trip to the farm during the first two weeks after the birds are received and for this reason all people interested in this work are requested to wait till August 15 before making a trip to the farm.

It is highly probable that another year will find this pheasant farm very greatly enlarged and perhaps producing thousands instead of hundreds of pheasants a year, as other sportsmen's clubs of this county which form the "Federated Sportsmen's

WEDNESDAY, AUGUST 2, 1934.
Sun rises, 4:44; sets, 7:25 P. M.
Weather, clear.

The Temperature.

The lowest temperature registered by the Freeman thermometer last night was 72 degrees. The highest point reached up until noon today was 82 degrees.

Weather Forecast.

Washington, August 2. Eastern New York: Fair, slightly cooler tonight, Thursday fair.
The wind at Albany at 4 p. m. was west, velocity 5 miles an hour.

NEW HURLEY

New Hurley, Aug. 2.—During the electrical storm Monday lightning struck a tree on the lawn of F. G. Schoonmaker.

The Rev. and Mrs. Kenneth McElman of New Brunswick called at the home of their aunt, Mrs. Isaac Sutton, last Friday evening.

Mrs. Clarence Spencer and sons, William and Clarence, Jr., spent last week with friends in Stamford, Conn. Her husband joined her over the weekend.

Those who attended the World's Fair in Chicago returned home Thursday. All report a delightful trip.

Mrs. F. Soesman entertained her sister and husband, Mr. and Mrs. D. Burroughs, also her brother and wife, Mr. and Mrs. F. Holzhauser, of New York city over the weekend.

Mrs. Mortimer has returned to the home of her daughter and son-in-law, Mr. and Mrs. Robert McQuade, after spending several days with relatives in New York city.

Members of the Young Woman's Club will meet with Mrs. John Schofield Friday afternoon, August 4.

F. G. Schoonmaker is having his house re-shingled. William DePew is doing the work.

Mr. and Mrs. George Dunsberger and son of Modena spent Sunday with their aunt and cousin, Mrs. Isaac Sutton, and daughter.

Mr. and Mrs. Walter Davis and Mr. and Mrs. Blair Birdsall have moved into the new apartment house on the prison grounds.

Communion services will be observed in the church here on Sunday morning, August 6, at 11 o'clock and Christian Endeavor meeting in the evening at 8 o'clock. Topic, "How Far Does Nature Reveal God?" Ps. 93:1-5. Luke 13:1-5. Leader, Edward Humphrey.

The Missionary Society will meet at the home of Mrs. Charles Cocks Thursday afternoon, August 10, at 2:30. Subject, "Kentucky Mountain Stations." Leader, Mrs. Valentine Garrison. Bible word, Sanctify.

William Spencer will recite from radio station WGY of the General Electric Company in Schenectady Tuesday, Aug. 8.

Mr. and Mrs. Edward Powell, Mr. and Mrs. LeVerne Powell, Mr. and Mrs. F. G. Schoonmaker, the Rev. Vernon O. Nagel, Gerow Schoonmaker and Miss Elizabeth Cox motored to Millbrook, Dutchess county, and heard Billy Sunday last Sunday evening.

Mrs. Arthur Zimmer, who was operated on last Friday in St. Luke's Hospital for a growth in her nose, is improving nicely.

The World a University
The world at large is one's university, and all its men and women are its teachers, usually as involuntarily as he is their pupil.

Chiropractor, EDWARD JOHNSON, 65 St. James street. Phone 164.

Blue Eagle Posters Making Appearance

Washington, Aug. 2. (AP)—Country-wide mobilization was shaping up today to thrust the force of public opinion into the NKA re-employment campaign.

As city after city blossomed out with blue eagle posters attesting compliance of merchants and business houses with the higher wage, shorter work week terms of President Roosevelt's voluntary agreement, recovery officials looked for acceptance from 600 leading citizens invited by telegrams last night to form state and regional recovery boards, as key units of the mobilization.

The administration began compiling totals of those employers who, already numbering in the hundreds of thousands, have joined the movement in the purely voluntary, pre-campaigning stage.

A big boost in the total was expected to result shortly from application of the two retail codes now in temporary force pending a hearing set for August 15. Subscribers to these with the blue eagle and get their names on the honor roll of signers by filing certificates of compliance.

Shortly, however, local committees will get the word to take the field first with rallies, then with a door-to-door canvass of business establishments to bring in those which have not signed and to make sure that the others are living up to the pledge.

In the scorching heat of Washington, Administrator Hugh S. Johnson and his staff pushed ahead with the more permanent program of forcing justing codes for individual industries.

Two new ones were on the boards today for public hearings, one covering the cotton garment and shirt industry, major division of the textile field, the other on cast iron pipe. Continued was examination of a code for the millinery industry in which labor-employer arguments over wages and the competitive situation between eastern and mid-western cities had shaped up as major issues.

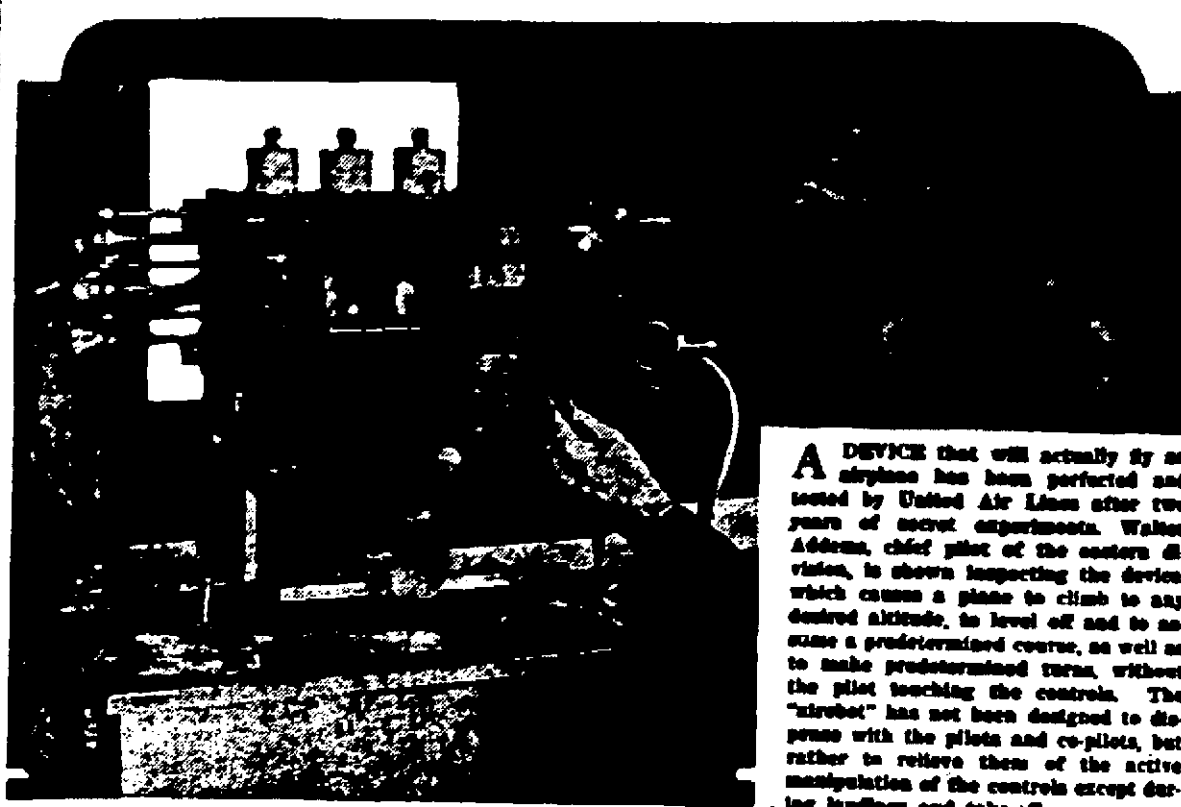

Study Water System.

The Men's Club of the Clinton Avenue M. E. Church will meet this evening at the church on the corner of Liberty street and Clinton avenue, at 7 o'clock and be taken in cars to the city of Kingston water works in Sawkill and from there through the system to the several stations on the way to Lake Hill. Arrangements have been made by Walter E. Hyatt for this trip and Ralph W. Harrison, inspector of the water department, will be on hand to explain various operations which he knows so well. All men of the church are invited to come along and those with cars are urged to bring them so that there may be room for all who are able to go. Cars must leave not later than 7 o'clock and an open air meeting will be held somewhere enroute to discuss a few important matters of the moment.

High Falls Card Party.

A card party for the benefit of the High Falls Catholic church will be held at the B. W. S. Hall, High Falls, Friday evening, August 4. The ladies are asked to bring their own cards.

Automatic Pilot That Operates Airplanes

A DEVICE that will actually fly an airplane has been perfected and tested by United Air Lines after two years of secret experiments. Walter Addams, chief pilot of the eastern division, is shown inspecting the device, which causes a plane to climb to any desired altitude, to level off and to assume a predetermined course, as well as to make predetermined turns, without the pilot touching the controls. The "robot" has not been designed to dispense with the pilot and co-pilot, but rather to relieve them of the active manipulation of the controls except during landings and take-offs.

WEST SHOKAN

West Shokan, Aug. 2. (AP)—This locality continues to swelter beneath the withering mid summer sun. Late Tuesday afternoon a heavy thunder shower refreshed the Traver Hollow and Cold Brook section but nary a drop fell here.

Oats harvesting is now going the rounds. Threshing at Maple Dell Farm was finished Monday.

Milk inspectors King and Newkirk, working out along the Kersike creamery source of supply, were here checking up on dairymen Tuesday.

Marvin Van Demark plans to contribute his share to the national recovery program by having his Main street house shingled top and sides also an extension added to the kitchen end.

Among recent guests at the Traver Hollow Inn are Mr. and Mrs. John Snyder of Newark, N. J., Mrs. Herman Switzer of Glen Cove, L. I., and Mrs. Ida Snyder of Brooklyn.

Mrs. Cornelia Davis of West Shokan Heights is spending a few days' vacation with her teacher, Mrs. Edward West, and sisters in Allaben.

The Hartman family, who have occupied one of the Colange cottages for the month of July, returned to the big city on Monday.

Supervisor Chet Lyons of Ashokan has been giving employment to several of his fellow townsmen by having his garage well dug deeper when the supply failed.

Ben Davis of Krumville is another Olive dairymen who has been obliged to rip out his cow stables for renewing with concrete. Farmers are by no means the "forgotten man" when the milk inspectors call around.

Egbert Boice of Watson Hollow completed his renewing last week. A

strainer house is next on the program for Mr. Boice.

Miss Edna Gessner of Olive Bridge left Tuesday morning upon a lone eagle trip to the Chicago Exposition. Upon returning she will enter Foundling Hospital of New York city for the finishing touches to her nursing course requiring another six months.

Bob Wendzel of Jersey City with several friends are spending their annual vacation at Maple Dell Farm.

Hickory Hill has produced another 306 eggs blue ribbon hen this year. This achievement adds yet another deep niche in Proprietor Charles H. Weidner's poultry hall of fame.

The Gillen family of New York city, who have spent several summers here, have rented one of the Colange bungalows on the former Winchell property for the remainder of the season.

Julian Eckert, well known West Shokan Heights teamster, began another haying Tuesday.

A pleasing attendance was reported at the Olive Bridge dance Wednesday evening.

Mrs. Elwyn Davis of West Shokan Heights was entertained Tuesday evening at the residence of Mr. and Mrs. Frank Whittier at Tuckaway Farm.

Thermometer readings of 90 to 100 are daily occurrences here this summer.

John Henriksen, Sr., of Main street is having a day a week employment on the county road job in Krumville.

Mr. Baltz of New York city is enjoying his vacation with the family who are summering at Mrs. Minnie Smith's Main street residence.

Mr. and Mrs. Edward West and Miss Anna Risely of Allaben were callers at West Shokan Heights Tuesday afternoon.

Martin J. Every of Traver Hollow was a business caller here Monday. The three duly designated Republican delegates from District No. 2

of Olive are Mrs. Charles Henley, Charles H. Weidner and Martin J. Every.

Saugerties Land Bought By Bank

New York, Aug. 1 (Special).—Several large parcels of land in and about the town of Saugerties have been acquired by the Harrisburg (Pa.) National Bank. It was learned in Federal Court here today, when United States Marshal Raymond J. Mulligan certified to an execution of judgment against James O. Winston.

The judgment, amounting to \$22,355.38, was awarded the bank as the outcome of a damage suit contested in this court and concluded in June, 1932. At a public sale conducted by the marshal on July 24, this year, the land was taken by the bank on a high bid of \$25,000.

"Uncirculated" Coins
Uncirculated coins are coins struck for circulation. But coins to be classified as "uncirculated" must be as new and bright as when dropped from the coining press. A coin that has been in circulation, no matter whether or not it shows marks of wear, cannot be classified as uncirculated.
